ITEM 6.1

DATE: NOVEMBER 17, 2015

TO: HONORABLE CHAIR AND COMMISSIONERS

FROM: MICHELE NISSEN, CITY MANAGER

SUBJECT: SCHOOL LIAISONS

RECOMMENDATION: DISCUSS AND SELECT A SCHOOL SITE IN THE CITY TO REPRESENT AS A LIAISON

BACKGROUND

At the October 28, 2015 Joint Workshop between the Eastvale City Council and the Public Safety Commission, Councilman Joe Tessari suggested that the Public Safety Commissioners each select a school site that they wish to work directly with in a liaison capacity. Several commissioners expressed interest in pursuing this discussion.

DISCUSSION

The City of Eastvale comprises 13.1 square miles with a dense and growing population of 60,633 residents (source: California Department of Finance). Eastvale is part of the Corona-Norco Unified School District (CNUSD) which currently includes eight (8) public schools within the City's boundaries with two additional public schools planned (Eastvale STEM Academy and Rondo Elementary). School traffic issues are a regular discussion at the Public Safety Commission as well as the City Council.

The following list includes the schools within the City's boundaries:

- Clara Barton Elementary School (California Distinguished School) 7437 Corona Valley Avenue, Eastvale, CA 92880.
- Eastvale Elementary School 13031 Orange Street, Eastvale, CA 92880.
- Harada Elementary School (California Distinguished School) 12884 Oakdale Street, Eastvale, CA 92880.
- Ronald Reagan Elementary School 8300 Fieldmaster Street, Eastvale, CA 92880.
- Rosa Parks Elementary School 13830 Whispering Hills Drive, Eastvale, CA 92880.
- Dr. Augustine Ramirez Intermediate School 6905 Harrison Avenue, Eastvale, CA 92880.
- River Heights Intermediate School 7227 Scholar Way, Eastvale, CA 92880.
- Eleanor Roosevelt High School 7447 Scholar Way, Eastvale, CA 92880.

City staff, CNUSD staff and the Riverside County Sheriff's Department regularly meets to discuss traffic calming measures for the various school sites. However, in an effort to provide ongoing dialog and collaboration with school site administrators, it was suggested that the Public

ITEM XX

Safety Commissioners select a school site that they wish to work with directly. The commissioners would work in collaboration with CNUSD, City staff, and the Riverside County Sheriff's Department to learn the traffic circulation issues and challenges facing the school site while assisting with traffic and safety education and outreach. The Public Safety Commissioner may wish to meet with their selected school site administrators on a monthly or quarterly basis and report out their findings to the rest of the commission and staff.

Creating a liaison structure between the school sites and the Public Safety Commission further enhances the level of communication as well as builds a stronger sense of community and commitment to collaboratively mitigating school traffic challenges as they arise.
