

CITY OF EASTVALE

CITY OF EASTVALE PUBLIC MEETING

To Encourage Comments on the Proposed “Circle City” Electrical Transmission Line Project

The California Public Utilities Commission (CPUC) is currently processing an application by Southern California Edison (SCE) to construct a new electrical transmission corridor through and adjacent to residential neighborhoods in Eastvale. An environmental analysis of the project is being prepared for the CPUC, and comments on the issues that should be addressed in that analysis are due Monday, February 29. Because the CPUC has chosen not to hold a public meeting to solicit comments, the City of Eastvale is convening our own meeting. **The meeting will include a presentation on the project and the opportunity to submit your comments via the City at the meeting.** Eastvale residents are encouraged to attend so that our local concerns are heard.

WHEN

WEDNESDAY, FEBRUARY 24

5:30PM - 6:30PM

WHERE

ROSA PARKS ELEMENTARY SCHOOL

13830 WHISPERING HILLS DRIVE, EASTVALE CA 92880

Materials will be provided to submit your comments at the meeting or individually.
