***Everything you need to know to ride your bike safely and confidently in traffic.
Make sure to bring your own bike and helmet for Saturday or Sunday only.***

The Law

The rights and responsibilities of cyclists. Cyclists have legal rights that most are not aware of (and responsibilities, too)!

Bicycle Safety

Bicycling is safe. Understanding the causes of bicycle crashes and how to avoid them make bicycling even safer.

Traffic Cycling Problem-Solving

Applying Knowledge of the Law and Bicycle Safety to specific traffic cycling situations.

**Open to all from 14 to 101 years,
regardless of cycling experience.**
