Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

CITY MANAGER’S BUDGET MESSAGE

June 22, 2016

Honorable Mayor Bootsma and City Council Members:

Submitted herewith is the Annual Operations and Capital Improvement Budget for Fiscal Year 2016-2017. This document provides two important benchmarks to assist you in prioritizing the City’s responsibilities and goals. First, the budget presents to you the cost of providing services and programs to the community while striving to meet the objectives of the City’s Strategic Plan. Second, this document provides you with estimated funding sources available, taking into account the current economic outlook, legal restrictions, and reduced availability of State funding sources.

The elimination of general fund vehicle license fee (VLF) by the State Legislature on June 29, 2011 resulted in \$16,124,920 lost revenues for the City of Eastvale through fiscal year 2015-2016, as calculated by California City Finance. As a newly incorporated city, this VLF revenue taken by the State continues to pose a devastating effect on the City’s operating budget. As a result of the State’s confiscation of revenue, the City was forced to eliminate certain programs and reduce service levels to “bare bones” in order to have a balanced budget while maintaining the City Council and community’s priorities and directives.

Motor Vehicle License Fee Revenue Estimates
Fiscal Years Ending 2011-2016

Fiscal Year	Status	Population Base	Allocation %	Allocation Population	Estimated Revenue	Per Capita
2010-11	Received	47,581	150%	71,372	\$ 3,214,906	45.04
2011-12	Loss	54,303	140%	76,024	\$ 3,426,602	45.07
2012-13	Restored	55,602	130%	72,283	\$ 3,392,964	46.94
2013-14	Restored	57,266	120%	68,719	\$ 3,297,344	47.98
2014-15	Restored	60,633	110%	66,696	\$ 3,088,349	46.30
2015-16	Restored	60,633	100%	60,633	\$ 2,919,661	48.15

Source: California Cities Finance

Total VLF Loss = \$16,124,920
Ongoing loss of \$2.9 million/year of property tax in lieu of VLF

Although efforts to restore the VLF revenue continue, the City has faced the possible reality of a budget without the hope of restored funding. As a result, staff continues a conservative fiscal approach in efforts to maintain a balanced budget, always keeping in mind the need for continued reserves while striving to provide the highest level of services to the community within the funding constraints set by the State.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

STRATEGIC PLAN

During the fiscal year 2015-2016 budget cycle, the City Council continued efforts to achieve the objectives as outlined in the City's Strategic Plan, adopted in May 2013. The Strategic Plan identifies the City's vision and mission statement and is intended to help guide the City in setting priorities over a five-year timeframe (FY 2013-14 to FY 2018-19). Four strategic goals were identified to help staff attain the City's vision while adhering to the mission statement.

Strategic Goals

Through the public input process and discussions with City Council members and community stakeholders, the following goals have been identified:

1. Establish a solid fiscal foundation for the City
2. Optimize the City's economic development potential
3. Maintain an excellent level of public safety
4. Provide high quality public facilities and infrastructure

City Council Accomplishments

For each of the four strategic goals identified above, there are a number of specific objectives and action steps to achieve the objectives. During the fiscal year 2014-2015, several action steps were completed and/or implemented into ongoing operations:

1. Establish a solid fiscal foundation for the City
 - Adopted a balanced budget
 - Contracted with an investment advisor to maximize return on investments
 - Implemented a new community development system to enhance efficiency of permitting and work process tracking and analysis
2. Optimize the City's economic development potential
 - Developed a strategy to be competitive in the e-commerce environment
 - Commenced construction on the Goodman Commerce Center, one of the largest, mixed-use developments in Southern California. Spanning 200 acres, the Center will provide Class A logistics, retail, medical and business park facilities.
 - Launched the "Shop Eastvale" website to provide information on local businesses and promote participation in the local economy
 - Researched the potential to develop a major medical complex
3. Maintain an excellent level of public safety
 - Began construction on the Fire Station #31, the second fire station in Eastvale
 - Added a Motorcycle Officer for traffic related enforcement
 - Purchased a new fire truck
4. Provide high quality public facilities and infrastructure

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

- Completed pavement rehabilitation of Chandler Street and River Road
- Completed the rehabilitation of Schleisman Road from Sumner Avenue to West of Harrison
- Contracted with Riverside County EDA to perform real property services to research and negotiate the purchase of a location for a new City Hall and Library
- Completed the Environmental Documentation (CEQA) portion of Limonite Avenue Interchange at I-15.

As we continue to implement the objectives of the Strategic Plan, it is important that the efforts of all City departments work collaboratively to successfully execute the key objectives of the Strategic Plan. The proposed budget, supports these efforts, bringing a portion of the needed resources that remain vital for implementation of Strategic Plan goals for fiscal year 2016-2017.

COUNCIL DIRECTION

City Council held a budget study session on March 9 and 23, 2016 to discuss revenue projections and departmental expenditures, including the methodology and process regarding police and fire contract rates. The estimated general fund balance was reviewed to determine what goals and priorities would be implemented in the 2016-2017 budget year. Also discussed were the resources needed to accomplish Council initiatives and what current goals and City operations would be continued into the new year. Council provided input and direction on priorities to increase public safety patrol hours, staffing for the new fire station, and continuing the City's economic development efforts.

In addition, Staff and Council discussed how to continue funding current operations amid increasing public safety costs, while saving for the future by committing City reserves to invest in the City's long-term major capital projects, such as a new City Hall and Library and the I-15 at Limonite Interchange.

Although it will take some years to develop the financial capacity to implement a number of the City's desired projects and organizational improvements, the City has strived since incorporation to maintain a balanced budget in order to preserve fiscal stability and sustainability and to provide for desired levels of public safety. In keeping with the City's desired goals as discussed in the budget study session, the budget highlights are presented below.

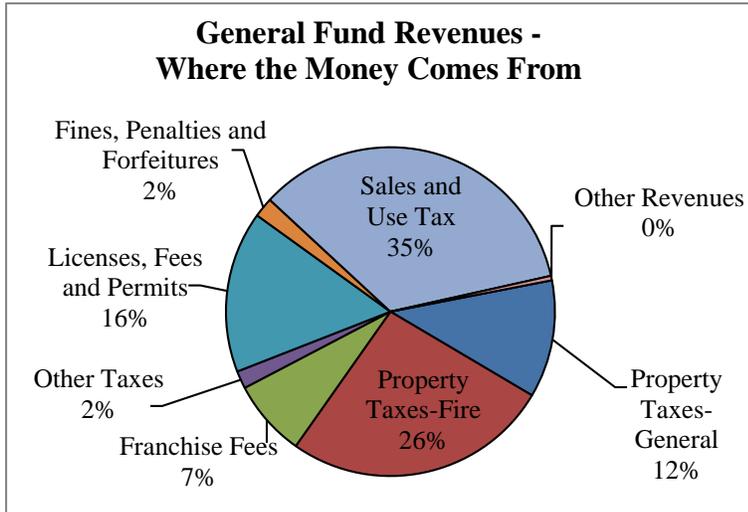

BUDGET HIGHLIGHTS

The City is proposing herein a balanced budget for fiscal year 2016-2017. General Fund revenues budgeted for the City of Eastvale total \$14,224,215 with General Fund appropriations also at \$14,224,215. Although the General Fund has no net surplus, the City is proactively striving for the highest levels of public safety within the constraints of State funding.

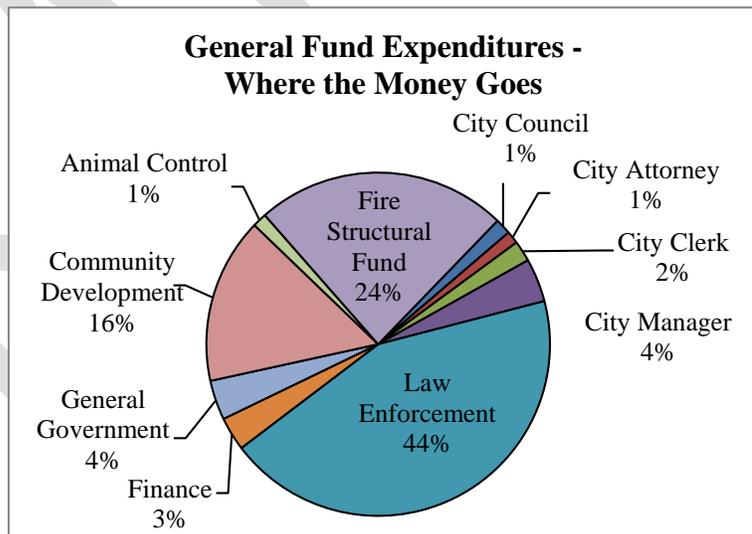

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

The balanced budget was not accomplished through the use of one-time funding, borrowing, or reduction of current service levels to the community. Moreover, any additional revenues projected above prior year levels have been devoted to increasing the service level of our police force by ten (10) patrol hours a day in the current year in spite of rising public safety contract costs and preserving healthy reserve levels within the General Fund fund balance.

The City’s organizational workforce is small but mighty, employing eight full-time staff, three part-time staff and twenty contract staff (not including police and fire). Despite the lean nature of our workforce, the City is committed to delivering high-quality municipal services to our residents and businesses through strategic staff deployment, leveraging service-targeted technology that will serve as a force-multiplier in the years to come, and enhancing community engagement through e-communication and web based solutions.

All benefited employees that fall under the City’s Personnel Regulations are classified under Personnel, while all contract staff are expensed as part of professional services under the Operations expenditure type. Significant changes to contract staffing in the 2016-2017 budget year include the following:

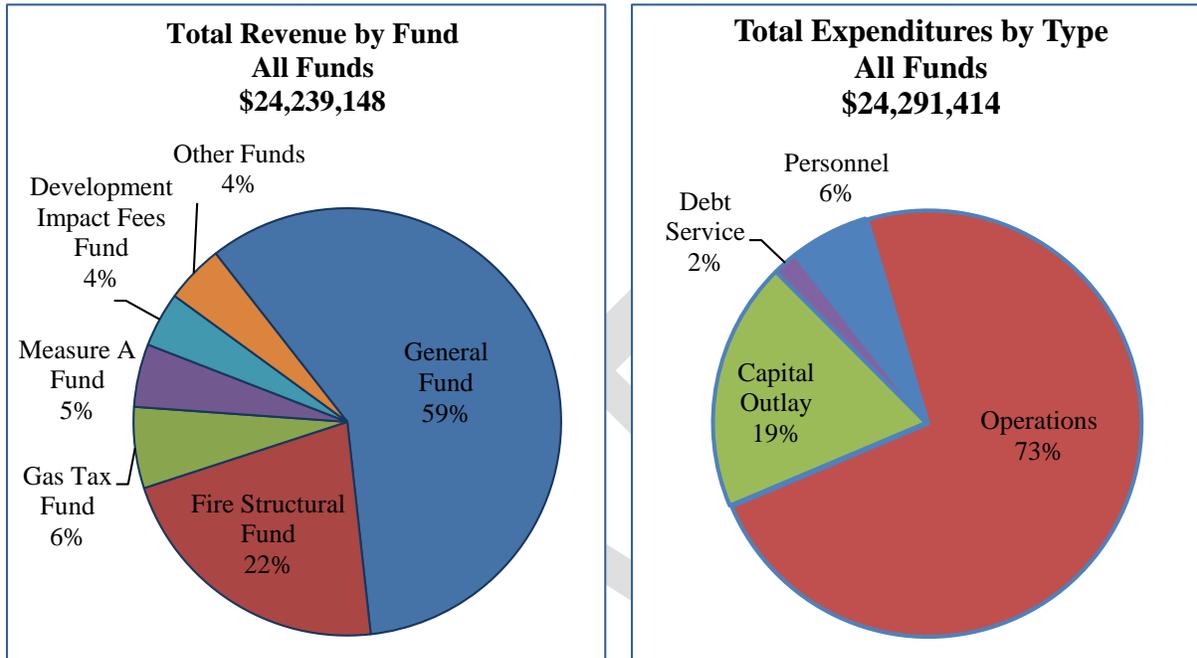

- Increase of ten law enforcement patrol hours per day contracted with the Riverside County Sheriff’s department.
- With the completion of the second fire station in Eastvale – Fire Station #31 – the fire department is moving from one medic engine and one medic squad to two medic engines to cover both fire stations.
- Addition of human resources consultant
- Addition of grant writing consultant

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

- Reduction of one code enforcement officer, addition of a parking enforcement officer and addition of code enforcement administration services to assist with citation processing and follow-up.

FISCAL YEAR 2016-2017 BUDGET – ALL FUNDS

LONG-TERM PLANNING

The strategic plan is the City’s roadmap for long-term planning. This document provides certain objectives and action plan priorities to achieve the City’s vision of becoming a prosperous city with an excellent quality of life. The City continues to use the strategic plan in conjunction with the City’s General Plan to determine the policies, practices and objectives to meet the community’s needs now and in the future. The effort focuses on key policy drivers including economic development, fiscal health, growth management and community character.

General Fund and Fire Fund Reserves

Also in conjunction with the strategic plan and the City’s practice of conservative fiscal management, the City’s Reserve Policy is presented for consideration. Since incorporation, the City has been able to live within its means and not use reserves for ongoing operations. Cumulative reserves are designated as a “savings” account of sorts to be used for emergency contingencies and one-time capital purchases.

Restricted Reserves

- Despite the practice of using reserves for one-time capital purchases, the City must restrict certain reserves that are earmarked for specific legal purposes. The only General Fund reserve balance restricted for operations is fire operations due to the source of fire revenues coming

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

from a specific property tax designated for Fire purposes. As the costs of current fire protection continue to rise, there is a need to have funds available for the payment of these immediate fire protection services. In order to address and meet both the anticipated rising costs of fire protection services and to preserve fund balance for fire service operations, the City shall restrict the estimated Fire Fund reserve in its entirety for fire services. Fire Fund reserves for 2016-2017 are estimated at \$4,534,594.

Committed Reserves

The City Council may commit other fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose, unless the City Council removes or changes the specified use through the same type of formal action taken to establish the commitment. The following reserves commitments are proposed for the 2016-2017 budget year:

- Staff proposes fund balance committed for emergency contingencies be established at six months or 50% of annual regular General Fund operating expenditures in any fiscal year in which recurring sources exceed recurring uses. With General Fund expenditures for 2016-2017 proposed at \$14,224,215, 50% emergency reserves would be \$7,112,108.

- The current estimated known cost of the City Hall project is \$11,100,000. Identified funding sources to cover the land acquisition and construction costs are \$8,600,000 or 77% of total project costs, not including the cost of land. The City has previously committed \$1,000,000 for future City Hall. However, because the scope of the project has expanded and to help close the funding gap for the acquisition of property for the Civic Center site, staff proposes a minimum of \$3,000,000 General Fund Balance to be committed to the purchase of land. Other funding sources, such as grant funding and bond financing are being evaluated for the future construction of a City Hall and Library.

<u>City Hall/Library Estimated Project Costs</u>	
Land	\$Unknown
Construction – City Hall	5,000,000
Construction - Library	5,000,000
Furniture/Fixtures	100,000
Roadways/Utilities	<u>1,000,000</u>
Estimated Total Project Costs	<u>\$11,100,000</u>
General Fund Reserves	\$3,000,000
Development Impact Fees	4,600,000
Gas Tax (Roadways)	1,000,000
Project Costs Shortfall	2,500,000
Land	<u>To Be Determined</u>
Total Project Funding	<u>\$11,100,000</u>

CAPITAL IMPROVEMENTS AND INFRASTRUCTURE

The primary infrastructure focus for the City of Eastvale is the design of the future City Hall and Library, encumbering the City’s portion of the future Limonite Avenue at I-15 interchange project, and maintenance and repair of the 160 miles of publicly maintained streets and the associated network of traffic signals, roadway signage, and pavement markings.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

City Hall and Library

The City has contracted with Riverside County EDA for real estate property acquisition services for a new City Hall and Library site selection. Total known costs for this project is estimated at \$11.1 million. Funding for this project is being evaluated, land is estimated to be purchased in the 2016-2017 fiscal year, and construction is anticipated to begin in fiscal year 2018-2019.

Street Improvements

Collectively, the street system represents the largest and most valuable City infrastructure asset. The City of Eastvale is fortunate since the majority of the streets are built to modern roadway standards and are less than 15 years old. The City has recent rehabilitation of Hellman Avenue, Chandler Street, River Road, and Schleisman Road from Sumner Avenue to west of Harrison Avenue.

Projects to be considered as part of the City's Transportation Capital Improvement Program (CIP) will include overlay and reconstruction of some collector, arterial and residential streets. The City will also begin construction of storm drain facilities on Chandler and Selby Avenues as well as storm drains on Walters Avenue, Hall Avenue, and 58th Street at Hamner Avenue. The Transportation CIP will also include programs to address and improve vehicular and pedestrian safety throughout the City. Another important

focus will be to continue to advocate and build strategic regional partnerships to advance the planning, design, and construction of the Limonite Interchange Improvements.

CONCLUSION

The City Council continues to face an uphill battle to provide the community with the level of services it expects and deserves within the constraints of eliminated Motor Vehicle License Fees caused by State Legislative action and increasing public safety costs. Despite these factors, the City is determined to prosper as it looks to the future.

The development of the fiscal year 2016-2017 budget has been a difficult and complex process. Due to the uncertain economic environment of our times and the political maneuvering of the State Governance, forecasting revenues with a high degree of certainty has been difficult at best. This has resulted in the need to be conservative on our estimates to avoid future revenue shortfalls. Throughout, three interrelated goals have been foremost:

- Maintain the City's financial integrity
- Maintain critical service levels while looking for growth opportunities through economic development efforts
- Maintain a reserve to sustain and grow the City into the coming years.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

Despite the challenges the City faces, the 2016-2017 Annual Operations and Capital Improvement Budget proposed herein is a conservative financial plan, which will enable the City to maintain fiscal strength and integrity as we look to the future.

ACKNOWLEDGEMENTS

The preparation of the proposed budget has been a cooperative process that involved all employees (City and Contract) and throughout our organization. It required countless hours of study, analysis and preparation. I especially want to thank the management team of our City for working cooperatively to put together the budget. They have willingly looked at the “big picture” while considering the continued uncertainty of the current economy, which has resulted in a responsible financial plan.

I also want to acknowledge the excellent work of the City’s financial team who worked numerous hours to ensure that the City’s Budget was timely and professionally prepared.

Finally, I would like to thank Mayor Bootsma and the City Council for their guidance. Your close attention has helped develop a budget that meets the fiscal challenges of our time. It is a privilege to be of service to you and our community.

Respectfully Submitted,

Michele Nissen
City Manager

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

BUDGET OVERVIEW

THE BUDGET IN BRIEF

The annual budget assures the efficient, effective, and economic uses of the City's resources, as well as establishes that the highest priority objectives are accomplished. Through the budget, the City Council sets the direction for the City, allocates its resources, and establishes its priorities.

The annual budget serves from July 1 to June 30, and is a vehicle to accurately and openly communicate these priorities to the community, businesses, vendors, employees, and other public agencies. In addition, it establishes the foundation of effective financial planning. The budget provides resource planning, performance measures, and controls that permit the evaluation and adjustment of the City's performance.

The City of Eastvale's budget is prepared and based on four expenditure categories: personnel, operations, capital outlay, and debt service.

The first two listed are considered operational in nature and are known as *recurring costs*. Capital outlay or capital improvement projects (CIP) are asset acquisitions, facilities, systems, and infrastructure improvements, etc., typically over \$50,000, and/or those items "outside" of the normal operational budget, known as *one-time costs*.

The following are discussed in the Budget Overview:

- Basis of Accounting and Description of Fund Types
- Basis of Budget / Budgetary Accounting
- Budgetary Process
- Constitutional Spending Limits
- Overview of the Operating Budget
- General Fund Overview
- Key Financial Issues Ahead

BASIS OF ACCOUNTING AND DESCRIPTION OF FUND TYPES

Basis of accounting refers to the timing of revenue and expenditure recognition for budgeting and financial reporting. The City's financial statements and accounting records are maintained in accordance with Generally Accepted Accounting Principles (GAAP) and outlined by the Governmental Accounting Standards Board (GASB). The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The City collects and records revenues and expenditures within the following categories: Governmental Funds and Fiduciary Funds (Agency).

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

Governmental Funds include the General Fund, Special Revenue, and Capital Project funds. These funds are accounted for using the modified accrual basis where revenues are recognized in the accounting period in which they become both measurable and available to finance the expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally 60 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the City, are property tax, sales tax, intergovernmental revenues, and other taxes. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

The City's Fiduciary Funds represent Agency Funds, which are custodial in nature (assets equal liabilities) and are accounted for on the accrual basis of accounting.

BASIS OF BUDGET / BUDGETARY ACCOUNTING

A budget is a plan to match existing resources with the needs of the community. The budget resolutions provide for the adoption of the annual budget. The annual budget, once approved by the City Council, provides guidance for the general operation of the City. It includes expenditures and the means to finance them.

The Annual Budget meets the following criteria:

1. **Balanced Budget** – The City shall strive to maintain a balanced budget. The total of budgeted expenditures and transfers out shall not exceed the total of estimated revenues, plus incoming transfers and continuing appropriations, and the use of any one-time funding or fund balance available.
2. **Continuing Appropriations** – Capital project appropriations not spent by the end of the fiscal year are carried forward to the next fiscal year, unless the project has been completed or closed out. Grants are carried forward to the next fiscal year based on the terms and duration of the grant as approved by the City Council. All other operating appropriations lapse at fiscal year-end.
3. **Appropriations Limit** – Appropriations in the Annual Budget comply with the City's appropriation limit as calculated in accordance with Article XIII-B of the Constitution of the State of California and Government Code section 7900.

BUDGETARY PROCESS

The budgetary process begins as a team effort in February of each year, starting with building budget targets and key projections followed by a City Council goal setting session. The Finance Department works in cooperation with all City departments to formulate revenue projections for the upcoming fiscal year. From this, the individual departments use the projected revenues to prioritize and recommend the next fiscal year's objectives. The City Manager's Office and the Finance Department review each budget proposal, revenue assumptions, and all current financial

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

obligations, before preparing the proposed document for the City Council. The City Council reviews the Proposed Budget, through a series of committees and/or workshops, with the final adoption scheduled during the second City Council meeting in June.

The following is a general timeline for completing the budget process:

- | | |
|----------|---|
| February | <ul style="list-style-type: none">• Staff Meeting - City Manager and Department Heads review Strategic Plan Goals and set tone for the new budget• Finance Department commences building budget targets and key projections based on year to date actuals |
| March | <ul style="list-style-type: none">• Special Session - City Council goal setting session• Revenue estimates due back in Finance• Budget instructions/targets issued to departments• Budget preparation training commences• All departments review their goals and prepare the new budget |
| April | <ul style="list-style-type: none">• Departmental budgets due back in Finance• Special Session - City Council budget study session/workshop |
| May | <ul style="list-style-type: none">• Council priorities and directives from workshop implemented into budget• Finance reviews and reconciles all department budgets. Budgets are reviewed by City Manager• Deliver proposed budget workbook to City Council |
| June | <ul style="list-style-type: none">• First hearing and Council study session, if needed• Second hearing and adoption |

CONSTITUTIONAL SPENDING LIMITS

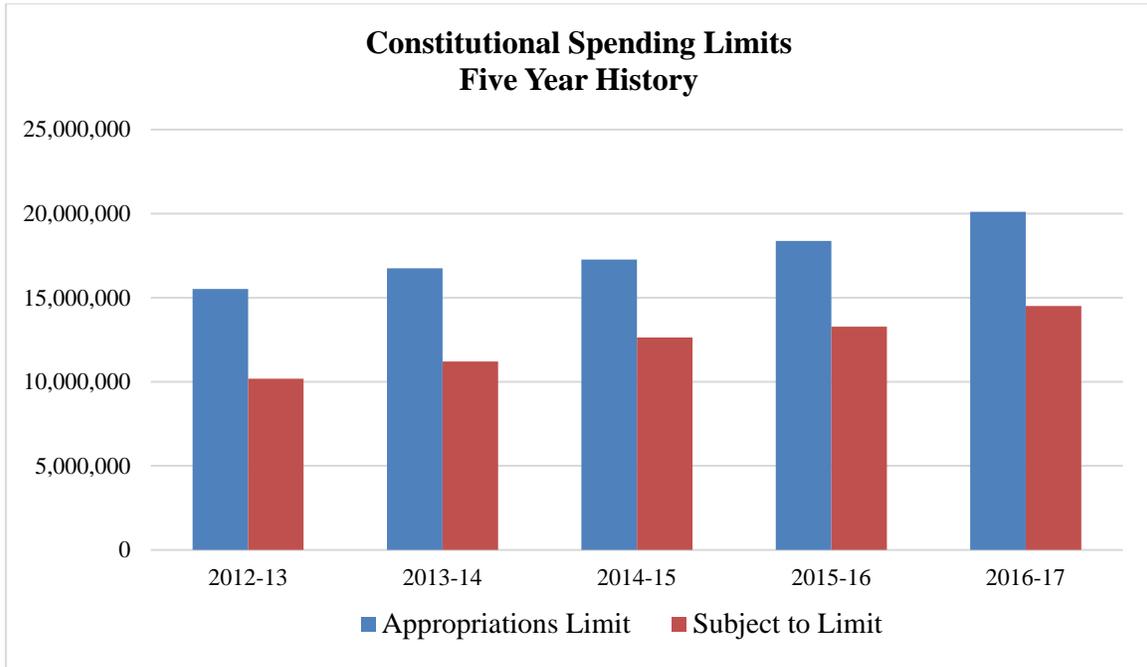

Article XIII-B of the Constitution of the State of California provides that the City's annual appropriations be subject to certain state limitations. This appropriation limit is referred to as the Gann Limitation.

The Gann spending limitation is calculated by taking the prior year's limitation and adjusting it by the growth factor in California per capita personal income and the change in the population of Riverside County, as determined by the California Department of Finance. The calculation is prepared using the City's revenue estimates. Revenue is classified by proceeds of taxes and non-proceeds. Interest earnings are pro-rated based on proceeds of taxes. This amount is then compared to the Gann spending limit.

The voters of the City at the first municipal election held on November 6, 2012 established a permanent appropriation limit of \$15,518,412. The 2016-2017 proposed appropriations limit is \$20,108,202.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

City of Eastvale Appropriations Limit (Spending Limit) Historical Information

<u>Fiscal Year</u>	<u>Appropriations Limit</u>	<u>Amount Subject to Limit</u>	<u>Difference</u>
2012-13	\$15,518,412	\$10,187,194	\$5,331,218
2013-14	16,746,879	11,204,533	5,542,346
2014-15	17,268,091	12,639,893	4,628,198
2015-16	18,377,718	13,274,598	5,103,120
2016-17	20,108,202	14,520,540	5,587,662

OVERVIEW OF THE OPERATING BUDGET

The purpose of the City of Eastvale’s budget is to serve as a “blueprint” for providing City services and as a working financial plan for the fiscal year. It also represents the official organization plan, by which City policies, priorities, and programs are implemented. It provides the means to communicate to the residents, businesses and employees how the City’s financial resources are used to provide services to the community. The budget includes both the operating costs to manage the City and the capital improvement projects that the City plans to undertake during the fiscal year.

Budget Guide

The finance system is organized by fund, by department, and by object code or account. This accounting string is called the chart of accounts and can be found in the appendix on page 151.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

- Fund - A fund is defined as a fiscal accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and balances, which are segregated for the purpose of carrying on specific activities in accordance with special regulations, restrictions, or limitations.

The following funds are included in the Operating Budget:

General Funds

- 100 – General Fund
- 110 – Structural Fire Fund

Special Revenue Funds

- 200 – Gas Tax Fund
- 210 – Measure A Fund
- 220 – Air Quality Management District Fund
- 230 – Law Enforcement Grants Fund
- 240 – Miscellaneous Grants Fund
- 250 – Community Development Block Grant Fund
- 260 – Local Law Enforcement Services Account Fund
- 300 – Landscape and Benefit Maintenance District Fund
- 620 – Development Impact Fee Fund

Capital Projects Fund

- 600—General Capital Projects Fund

Agency Fund

- 800 – Developer Deposits Fund

- Department – A department (e.g., Finance Department) is an organizational unit within a fund providing a specific governmental function.
- Object Code – An object code is a line item account that provides the details of the type of expenditure that each department/division spends – e.g. salaries, benefits, supplies, and so forth.

The account hierarchy is as follows: Fund > Department > Object/Account. An example shown below for Finance Department Salaries is 100 (General Fund) > 210 (Finance Department) > 6010 (Full-time Salaries).

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

General Fund Overview

The Reserve Policy for the General Fund establishes the procedures for reporting unrestricted fund balance in the financial statements. Certain commitments and assignments of fund balance will help ensure that there will be adequate financial resources to protect the City against unforeseen circumstances and events such as revenue shortfalls and unanticipated expenditures. Fund Balance changes for Fiscal Year 2016-2017 resulting from General Fund revenues, expenditures and transfers are summarized below:

Fund Balance Changes
General Funds
Fiscal Year 2016-2017

	<u>General Fund</u>	<u>Fire Fund</u>	<u>Total</u>
Projected Fund Balance, July 1, 2016	\$18,238,350	\$7,263,620	\$25,501,970
Estimated Revenues	<u>14,224,215</u>	<u>5,283,284</u>	<u>19,507,499</u>
Total Sources of Funds	32,462,565	12,546,904	45,009,469
Uses of Funds:			
Proposed Expenditures	14,224,215	4,414,410	18,638,625
Continuing Appropriations	-0-	3,597,900	3,597,900
Transfers Out	<u>3,000,000</u>	<u>-0-</u>	<u>3,000,000</u>
Total Uses of Funds	17,224,215	8,012,310	25,236,525
 June 30, 2017 Estimated Fund Balance	 <u>\$15,238,350</u>	 <u>\$4,534,594</u>	 <u>\$19,772,944</u>

Although the total estimated combined general fund balance for June 30, 2017 is \$19,772,944, certain restrictions and commitments totaling \$14,646,702 limit the available reserve balance. For more information on the City's Reserve Policy and available fund balance, please refer to pages 24-26.

General Fund - Revenues

The City of Eastvale receives revenue from a variety of sources. The principal revenue sources for the General Fund are Property Taxes, Sales and Use Taxes, and Permit and Licensing revenue. The following chart is a summary of General Fund sources estimated for fiscal year 2016-2017 compared to revenues budgeted in the prior year 2015-2016.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

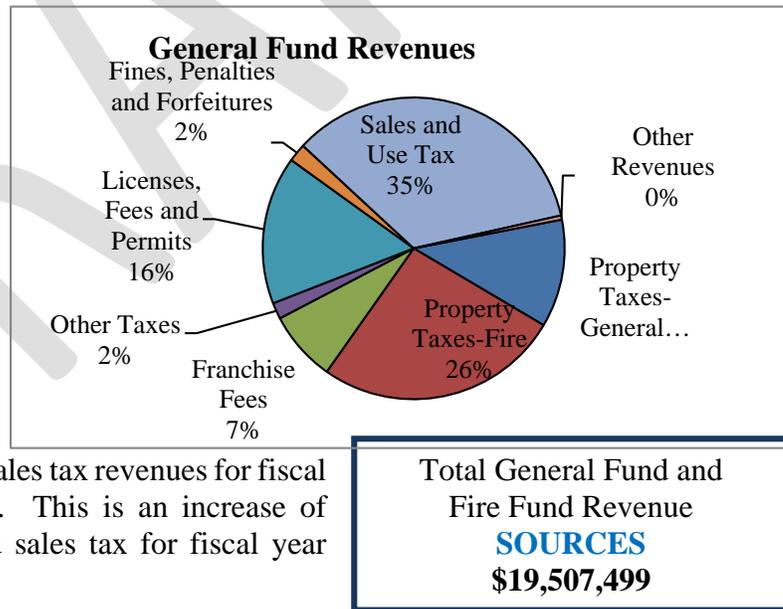

GENERAL FUND REVENUE SOURCES

General Fund Revenue Sources	Budgeted 2015-2016	Estimated 2016-2017	Difference	% Change
Property Tax	\$2,325,000	\$2,255,725	\$(69,275)	(3%)
Sales and Use Tax	6,026,000	6,750,000	724,000	12%
Franchise Fees	1,360,000	1,475,000	115,000	8%
Other Taxes	350,000	340,000	(10,000)	(3%)
Licenses, Fees and Permits	2,690,950	2,949,490	258,540	10%
Fines, Penalties and Forfeitures	270,000	380,000	110,000	41%
Intergovernmental Revenue	25,000	24,000	(1,000)	(4%)
Other Revenues	44,500	50,000	5,500	12%
Total	\$13,091,450	\$14,224,215	\$1,132,765	9%

Key Assumptions in the General Fund revenue forecast are as follows:

- Property Tax - Although, property sales and new construction throughout Eastvale have continued at a steady pace in recent months, the median price for detached single family residential homes in Eastvale has declined slightly by 2% from a peak in 2015. Consequently, Eastvale’s base property tax revenue is anticipated to decrease during the 2016-2017 budget year by \$69,275 or 3%.

- Sales and Use Tax - Retail sales activity in Riverside County and across the State of California continues to move in a positive direction. Moreover, the City of Eastvale has recently seen one of the highest growths of sales tax in Riverside County due in part by economic development efforts and the construction of several commercial sites in recent years. As a result, staff is recommending an increase in the sales tax revenues for fiscal year 2016-2017 to \$6.75 million. This is an increase of \$724,000, or 12% over estimated sales tax for fiscal year 2015-2016.

- Franchise Fees – The City has continued to see slight increases in the revenue received from its franchise agreements, including cable, refuse, gas and electric utilities from year to year. The majority of the increase comes from higher cost of cable services and the increase in residential development using these services. In addition, the City expects to see the results of collections from a backfill of refuse delinquencies being collected.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

- Licenses, Fees and Permits - Building and Safety activity has continued to grow as a result of the development growth over the last several years and the development activity seen in the 2015-2016 fiscal year is expected to continue into the 2016-2017 budget year. Therefore, staff recommends an increase in building permits, development revenue, and encroachment fees of \$258,540 or 10%.
- Fines, Penalties and Forfeitures - The City implemented the use of third party collections for delinquent administrative citations to recover outstanding citation revenue and has purchased electronic citation devices for traffic officers. As a result, Court, Vehicle, and Parking Fines revenue as increased \$110,000 to \$350,000, an increase of 41% over the previous year.
- Other Revenue – Other revenue includes investment income; the City contracted with an investment advisor to maximize return on investments.

General Fund - Expenditures

Overall, the total funding uses for the General Fund will increase by 8%, or \$1,215,265, from the adopted budget of \$14,678,950 in fiscal year 2015-2016 to \$15,894,215 in fiscal year 2016-2017. The following table is a comparison by expenditure type.

GENERAL FUND EXPENDITURE TYPES

General Fund Expenditure Type	Budgeted 2015-2016	Proposed 2016-2017	Difference	% Change
Personnel	\$1,560,860	\$1,440,939	\$(119,921)	(8%)
Operations	11,518,590	12,765,276	1,246,686	11%
Capital Outlay	12,000	18,000	6,000	50%
Total Expenditures	\$13,091,450	\$14,224,215	\$1,132,765	9%
Transfers	1,600,000	3,000,000	1,400,000	88%
Total Funding Uses	\$14,691,450	\$17,224,215	\$2,532,765	17%

An explanation of each expenditure type is as follows:

- Personnel - The City of Eastvale relies heavily on contract staff in all departments and service areas, which is included as part of the Operations expenditure type as professional services. In contrast, the Personnel expenditure type includes all benefitted employees that fall under the City’s personnel regulations.

The personnel expenditures for fiscal year 2016-2017 were prepared based on the current pay schedules for all employees and current pay and benefit rates, including health and retirement contributions. The proposed full-time equivalent (FTE) of City employees is 11.75 for fiscal year 2016-2017, with no change from the 11.75 adopted in the 2015-2016 budget. Although the total FTE did not change, several changes occurred that resulted in a personnel savings of \$119,921 as explained below:

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

- ❖ Account Clerk and Public Information Officer increased from .50 FTE to .75 FTE each. This increase was mitigated with the reduction of overtime hours Citywide.
- ❖ The Finance department reclassified the Finance Director position to an Accounting Manager position. Both positions are currently vacant. Total savings is \$33,884.
- ❖ A vacant Code Enforcement position was eliminated and replaced with a part-time non-benefitted Parking Enforcement Officer. Total savings is \$78,914.

Additional personnel information is found in the Organizational Chart and Employee Compensation Schedule on pages 30-31, respectively.

- Operations – The Operations expenditure type includes all contract staff and services and supplies (that are not capital related). The majority of the increase is a result of an increase in patrol service hours and contract rates in the Police Department. Other increases resulted from the addition of a grant writer and costs related to the November 2016 election.

The City will enter its seventh year of operations with the 2016-2017 budget year. Consequently, several one-time and ongoing operational changes resulted in expenditure increases. These increases were offset by decreases in other areas resulting from the completion of special operational projects. Significant changes to the General Fund expenditures are discussed by department below.

GENERAL FUND EXPENDITURE BY FUNCTION

General Fund Department	Budgeted 2015-2016	Proposed 2016-2017	Difference	% Change	Contributing Revenue*
City Council Department	\$277,010	\$279,358	\$2,348	1%	\$8,000
City Attorney Department	244,816	220,000	(24,816)	(10%)	75,000
City Clerk Department	282,921	366,065	83,144	29%	250

Finance Department	591,897	590,979	(918)	0%	90,000
General Government	<u>633,548</u>	<u>696,540</u>	<u>62,992</u>	<u>10%</u>	<u>-0-</u>
Total General Services	\$2,779,004	\$2,915,607	\$136,603	5%	\$173,250
Planning Department	\$1,091,700	\$800,700	\$(291,000)	(20%)	\$660,000
Building & Safety Dept	1,535,000	1,581,000	46,000	3%	1,828,800
Engineering Department	52,000	120,000	68,000	131%	120,000
Code Enforcement Dept	262,025	251,757	(10,268)	(4%)	275,000
Public Works Department	<u>139,500</u>	<u>158,940</u>	<u>19,440</u>	<u>14%</u>	<u>17,440</u>
Total Community Development	\$3,080,225	\$2,912,397	\$(167,828)	(5%)	\$2,901,240

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

GENERAL FUND EXPENDITURE BY FUNCTION (Continued)

General Fund Department	Budgeted 2015-2016	Proposed 2016-2017	Difference	% Change	Contributing Revenue*
Law Enforcement	\$6,962,221	\$8,145,142	\$1,183,990	17%	\$105,000
Animal Control	<u>270,000</u>	<u>250,000</u>	<u>\$(20,000)</u>	<u>(7%)</u>	<u>150,000</u>
Total Public Safety	\$7,232,221	\$8,396,211	\$1,163,990	16%	\$255,000
Total General Fund Expenditures	<u>\$13,078,950</u>	<u>\$14,294,215</u>	<u>\$1,132,765</u>	<u>9%</u>	<u>\$3,329,490</u>
Fire Dept Expenditures	\$5,599,778	\$4,414,410	\$(1,185,368)	(21%)	\$5,283,284

*Contributing Revenue identifies all revenue from Licenses, Permits & Fees as well as Fines, Penalties & Forfeitures that is generated by the work done in a specific department.

Public Safety

- Police Department – The City Council continues their commitment to provide superior levels of public safety with 57% of the general fund budget devoted to law enforcement. The City Council has requested to increase police presence with the addition of ten (10) patrol hours to 90 patrol hours per day. With the addition of ten patrol hours and the rising costs of Sheriff contract rates, the City proposes an increase of \$1,182,921 or 17% to \$8,145,142 in 2016-2017. In addition to the 90 patrol hours, the City has two dedicated deputies for special enforcement, two dedicated traffic officers, two dedicated community service officers, and a dedicated motor officer. Although public safety is a top priority for the City, staff will continue to be vigilant in monitoring the sustainability and impact of year-over-year increases in police contract rates on the General Fund reserves in future years.
- Fire Department - Also in line with the goal to provide superior levels of public safety, the City is nearing the completion of construction of the second fire station in Eastvale – Fire Station #31. The total Fire Structural Fund proposed expenditures is \$4,414,410 in the 2016-2017 fiscal year, a decrease of \$1,185,368 or 21%. Appropriations for the construction costs of \$1,898,668 in the prior year is no longer needed; however, staffing levels and operating expenses will adjust with new fire station becoming operational, resulting in an offsetting increase of \$693,300. Staffing will change from one medic engine and one medic squad covering one fire station to two medic engines covering both fire stations. The Fire Structural Fund is funded through a special property tax assessment and restricted for fire services. It is accounted for separately from the General Fund for budgeting purposes.

General Government

- City Attorney Department – The City Attorney’s office provides administration and oversight to the Code Enforcement function. Consequently, a portion of the City Attorney Department’s costs were redirected to the Code Enforcement department. The redirected costs were offset

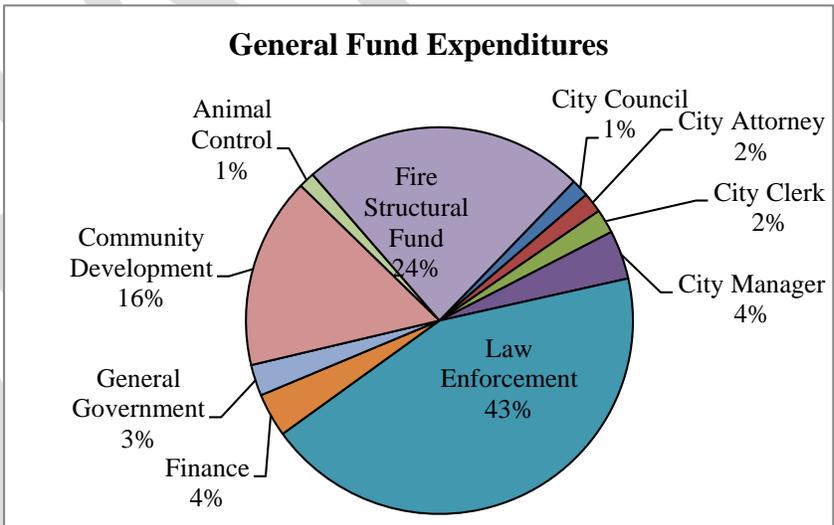

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

by an increase in legal services related to the upcoming November 2016 election for a total decrease in the City Attorney’s department of \$24,816 or 10%.

- City Clerk Department – Costs for the November 2016 by district election are recorded in the City Clerk’s department. Elections are held every two years, resulting in major fluctuations in the City Clerk’s total expenditures from year to year. Total increase in the City Clerk’s department for 2016-2017 is of \$83,144 or 29%
- City Manager Department – The Public Information Officer position increased to .75 fulltime equivalents (FTE). This increase was offset by the elimination of overtime costs. The increase of \$13,853 was due to the addition of grant writing services.
- Finance Department – The Finance Department had virtually the same budget as in prior year. The Finance Director position was eliminated and replaced with an Accounting Manager position. This decrease was offset by the increase of the Account Clerk position to .75 fulltime equivalents (FTE).

Community Development

- Planning Department – The Planning department experienced the biggest decrease of \$291,000 or 20%. This decrease was due to the completion of the Leal Specific Plan in 2015-2016 and the reallocation of \$30,000 planning services to the Building & Safety Department. The reallocation is the cost for planning staff to review building permits.

- Building & Safety Department – The Building & Safety department increased by \$46,000. This is due to the reallocation of planning services as mentioned above and the increase in building permits anticipated in the 2016-2017 year. The increase in cost is offset by an increase in contributing building permit revenue.

Total General Fund and Fire Fund Expenditures
USES
\$18,708,625

- Engineering Department – The increase in engineering services in the amount of \$68,000 is due to increase in activity for review of encroachment permits for development and utility works within the public rights-of-way. This department has full cost recovery, with contributing encroachment permit revenue offsetting the increase in expenditures.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

- Code Enforcement Department – The Code Enforcement Department was reorganized in the 2016-2017 budget year. A vacant Code Enforcement Officer position was replaced by a non-benefitted part-time Parking Enforcement Officer position. This savings of nearly \$79,000 was offset by the addition of Code Enforcement Administration services to handle much of the citation processing, collections and follow up. Total decrease is \$10,268 or 4%.
- Public Works – The City is required to monitor storm water runoff pollution. This program was formally administered by the County of Riverside. The increase of \$19,440 or 14% is due to the addition of the Storm Water Compliance program that was not budgeted in the prior year. The increase is offset by the addition of Storm Water Inspection Fees revenue.

Revenue and Expenditures summaries can be found in schedules following the Budget Overview.

Key Financial Issues Ahead

All revenue and expenditure projections undergo considerable review during the budget preparation process, not only for the new fiscal year, but for future years' impacts as well. The following are some issues that can potentially impact the City in the upcoming years:

- Motor Vehicle License Fees eliminated by State of California
- State budgetary impacts on local governments
- State and local economic conditions resulting in stalling revenue growth
- Rising costs of utilities, gasoline, and health care
- Maintaining adequate levels of fund balance reserve
- Maintaining City infrastructure
- Increasing public safety (police and fire) costs
- Increase in minimum wage
- Possible restructuring of staffing levels for fire services and compliance training required by CalFire/Riverside County affecting the cost of future fire services.

The City will remain pro-active in anticipation of these and all related issues and how they will impact the budget. For more information about the City of Eastvale, visit us at www.eastvaleca.gov.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

RESERVE POLICY

The city sets aside certain fund balances or reserves in an effort to save and plan for the future. Many of these reserves are set aside and unavailable for general use due to the nature of the revenues for which they were received (i.e. Gas Tax, Measure A, Fire Fund, and Landscape Maintenance). The remaining reserves can be set aside or committed for other purposes as determined by the City Council. These committed reserves are a way to invest in the future and save for a “rainy day.”

The City Council adopted Resolution 13-21 on June 12, 2013 establishing a reserve policy and Fund Balance classification. The policy establishes the priority for spending reserves and authorizes and directs the Finance Director to prepare financial reports which accurately categorize fund balance as per Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions.

The City has established the follow designations for Fund Balance as shown in an excerpt from the City’s financial statements for fiscal year ended June 30, 2015.

**Excerpt from Comprehensive Annual Financial Report, Note 10
June 30, 2015**

<i>Fund Equity</i>				
The City has established certain fund balance designations to report the amounts in the following funds, which represent available spendable resources restricted, committed or assigned for a specific purpose:				
	General Fund	Major Special Revenue Fund Gas Tax Fund	Non-Major Governmental Funds	Total
Fund Balances				
Restricted For:				
Street Maintenance/Projects	\$ -	\$ 5,783,498	\$ 3,176,595	\$ 8,960,093
Landscape Maintenance	-	-	991,523	991,523
AQMD Projects	-	-	132,594	132,594
Capital Projects City Facilities	-	-	3,333,014	3,333,014
Fire Operations/Improvements	6,918,242	-	-	6,918,242
Other Purposes	-	-	33,188	33,188
Total Restricted	6,918,242	5,783,498	7,666,914	20,368,654
Committed for:				
Emergency Contingency	6,179,200	-	-	6,179,200
City Hall Facility	1,000,000	-	-	1,000,000
Total Committed	7,179,200	-	-	7,179,200
Unassigned	7,917,025	-	(39,353)	7,877,672
Total	\$ 22,014,467	\$ 5,783,498	\$ 7,627,561	\$ 35,425,526

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

For the year ended June 30, 2015, only \$7.9 million of General Fund Reserves were classified as available; all other reserves were restricted or committed for other purposes as explained below.

Restricted Fund Balance

Restricted Fund Balance are resources that are subject to externally enforceable legal restrictions. These restrictions would be either 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation. Some of these restrictions include:

1. ***Fire Operations/Improvements*** - The City has a separate property tax allocation pay for the provision of fire services. Because these revenues are restricted for uses of Fire Protection, the cumulative Fire Fund Balance is also restricted. Fire Fund reserves for 2016-2017 are estimated at \$4,534,594.
2. ***Street Maintenance and Infrastructure Improvements*** – Reserves from Gas Tax and Measure A fund balance.
3. ***Landscape Maintenance*** – Reserves from assessments specific to parcels in various maintenance districts.
4. ***Air Quality*** – Reserves related to the City’s portion of motor vehicle registration collected pursuant to AB2766.
5. ***Capital Projects City Facilities*** – Reserves from development impact fees collected for construction of infrastructure and city facilities.

Committed Fund Balance

The City Council, as the City's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use through the same type of formal action taken to establish the commitment. City Council action to commit fund balance needs to occur within the fiscal reporting period; however, the amount can be determined subsequently. City Council has approved the following commitments through formal action:

- ***General Fund Emergency Contingency*** - The City's General Fund Balance committed for emergency contingencies is established at six (6) months or 50% of annual regular General Fund operating expenditures in any fiscal year in which recurring sources exceed recurring uses in the General Fund. The City Council may, by the affirming vote of three members, change the amount of this commitment and/or the specific uses of these monies. The Emergency Contingency for the 2016-2017 budget year is \$7,112,108 or 50% of the proposed budget of \$14,224,215.

CITY OF EASTVALE
 Annual Operations and Capital Improvement Budget
 Fiscal Year 2016-2017

- City Hall/Library** - As a new City, Eastvale has relatively new infrastructure and facilities in place, but also faces significant costs to complete critical infrastructure systems including a City Hall and Library. The current known estimated cost of the project is \$11,100,000, not including land. Identified funding sources to cover the construction costs are \$8,600,000 or 77% of total project costs. It is unknown at this time what the cost for land acquisition will be. The City has previously committed \$1,000,000 for future City Hall. However, because the scope of the project has expanded and to help close the funding gap for the acquisition of property for the Civic Center site, staff proposes \$3,000,000 General Fund Balance to be committed to the purchase of land. Other funding sources, such as grant funding and bond financing are being evaluated to the future construction of a City Hall and Library. Project detail can be found on page 148.

<u>General and Fire Funds Reserve Commitments</u>	
Estimated Fund Balance at 6/30/17 (after Continuing Appropriations)	\$19,772,944
Emergency Contingency	\$ 7,112,108
City Hall/Library	3,000,000
Fire Operations/Improvements	<u>4,534,594</u>
Total Fund Balance Commitments	14,646,702
Available Fund Balance Reserve	<u>\$ 5,126,242</u>

Assigned Fund Balance

Amounts that are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. The reserve policy delegates to the City Manager, the City Manager’s designee, the authority to assign unrestricted fund balance amounts where the City’s intent is for those amounts to be used for specific purposes. This delegation of authority is for the sole purpose of reporting these amounts in the annual financial statements.

- Continuing Appropriations** - An example of assigned fund balance is Continuing Appropriations. Fund balance levels must be sufficient to meet funding requirements for projects approved in prior years and which must be carried forward into the new fiscal year. Please see Capital Improvement Program pages 115-116 for all continuing appropriations.
- Passive Revenue** – The City anticipates several revenue streams in the near future that have not been previously received as a result of operational changes and economic development efforts. These revenues are not included in the 2016-2017; however, in an effort to be proactive, staff proposes that future revenue be assigned for the purposes of funding in part the City Hall/Library project. Examples of future revenue streams that can be assigned to fund certain capital projects or other specific governmental purposes are the following:

 1. Increase in investment revenue resulting from recent contract with an investment advisor
 2. Advertising lease revenue generated from an electronic sign agreement
 3. Additional revenue resulting from economic development efforts

ECONOMIC AND COMMUNITY PROFILE

Location

The City of Eastvale is located in northwestern Riverside County, California, the Inland Empire region of Southern California. It is bordered from Hellman Avenue to the West (the San Bernardino County Line), Bellegrave Avenue to the North (also the San Bernardino County Line), the Santa Ana River and Norco to the South, and Interstate 15 to the East.

The Los Angeles County line is approximately 8 miles northwest of Eastvale, while the Orange County line is approximately 5 miles to the southwest. The proximity of these last two heavily commercialized counties, and the fact that Eastvale is roughly squared between Interstate 15 and California State Routes 91, 60, and 71, has made Eastvale popular for those that commute to these counties for employment, making Eastvale something of a commuter town. According to the Eastvale area plan, Eastvale has a total area of 13.1 square miles, of which 12.5 square miles is land and 0.6 square miles, or 4.76%, is water.

History

Eastvale's history is greatly tied to that of its neighbors—Chino and Ontario. For at least the last 176 years, the land was used for farming and the dairy industry. By 1834, the Mexican government had seized Spain's missions and taken control over its land from Native Americans and Spaniards. In an effort to colonize the area and encourage farming and raising livestock, the government handed out land grants to influential and wealthy Mexican politicians.

After California became the 31st state in 1850, the land in Riverside County was shared between San Bernardino and San Diego Counties (as of 1853). It wasn't until 1893 that Riverside County was created. In the minutes of one of the first meetings of the Riverside County Board of Commissioners, "East Vale" is listed as one of 53 school districts.

By the 1950s, Los Angeles' population had expanded into outlying farm lands. Dairymen began moving their operations into the valley. Dairies in Eastvale, the Chino Valley and Ontario were owned and operated primarily by Dutch and Portuguese families. During the late 1990s, the area started to suburbanize to accommodate the influx of people coming from neighboring Orange and Los Angeles Counties who were seeking affordable housing.

Historical Populations		
Year	Population	% Change
1940	755	-----
1970	1,587	110%
2000	6,011	279%
2010	47,635	692%
2015	60,825	127%
2016	63,162	3.8%

Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

On October 1, 2010, more than 100 years after the minutes of one of the first meetings of the Riverside County Commissioners referred to an "East Vale" school district, this farming community turned dairy enclave turned suburban hub became Riverside County's 27th city. According to the California Department of Finance, Eastvale is the fastest growing city in Riverside County, with an increase in population of 3.8% from 2015 to 2016.

The City

Eastvale has a Council-Manager form of government. The Council members serve at-large for four-year terms. The Mayor and City Council serve as the legislative and policy making body of the City. The City Manager, appointed by the City Council, serves as the chief executive officer and is responsible for the day-to-day administration of City affairs.

Local Economy

Eastvale, with a young and growing population, remains one of the bright spots in the local economy. Several housing tracts and commercial projects are under construction, and the pace of housing growth in Eastvale exceeds that of cities several times its size.

Statistical Data

Date of Incorporation:	October 1, 2010
Form of Government:	Council-Manager
Area in Square Miles:	13.1
Population	63,162 (California Department of Finance, May 2016)

RESOLUTION NO. 16-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, ADOPTING AN OPERATING BUDGET AND CAPITAL BUDGET FOR THE FISCAL YEAR COMMENCING JULY 1, 2016 AND ENDING JUNE 30, 2017, AND APPROPRIATING FUNDS FOR PURPOSES THEREIN SET FORTH

WHEREAS, the City Manager has heretofore presented to this Council the “Proposed Budget” for the Fiscal Year July 1, 2016 through June 30, 2017; and

WHEREAS, the City Council has reviewed and recommended budget and directed certain changes which have been incorporated therein; and

WHEREAS, incorporated within the recommended budget is the proposed expenditure limitation on revenues derived from “proceeds of taxes” as established by Article XIII B of the State Constitution, which was adopted by Resolution No. 16-XX;

NOW, THEREFORE, be it resolved, determined, and ordered by the City Council of the City of Eastvale that:

Section 1. There are appropriated for obligation and expenditure by the City Manager the amounts shown for the various accounts separately set forth in the Fiscal Year 2016-2017 Annual Operations and Capital Improvement Budget;

Section 2. All obligations and expenditures shall be incurred and made in the manner provided by the provisions of State Law and City Ordinances and Resolutions;

Section 3. The City Manager is authorized to proceed with the implementation of the work program as incorporated in the approved and adopted budget, and has the authority to transfer any sum of appropriated funds between accounts, departments, programs and funds.

PASSED, APPROVED AND ADOPTED this 22 day of June, 2016.

RESOLUTION NO. 16-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE PROPOSING A PERMANENT APPROPRIATIONS LIMIT OF \$20,108,202 PURSUANT TO ARTICLE XIII (B) OF THE CALIFORNIA CONSTITUTION FOR FISCAL YEAR 2016-2017

WHEREAS, Article XIII (B) of the California Constitution provides that the total annual appropriations subject to limitation of the State and of each local government entity for the prior year is to be adjusted for changes in either the growth in the California Per Capita Income or the growth in the non-resident assessed valuation due to new construction and the changes in Population within either its own jurisdiction or county in which the public entity is located, and

WHEREAS, the City Council of the City of Eastvale adopted Resolution 10-16 on October 1, 2010 establishing a provisional appropriations limit of \$13,938,809 as determined by the Riverside Local Agency Formation Commission; and

WHEREAS, the voters of the City at the first municipal election held on November 6, 2012 established a permanent appropriations limit for Fiscal Year 2012-2013 of \$15,518,412 under the provisions of Government Code Section 56812; and

WHEREAS, pursuant to said Article XIII (B) of the California Constitution, the City Council of the City deems it to be in the best interest of the City of Eastvale to establish an appropriations limit for Fiscal Year 2016-2017; and

NOW, THEREFORE, the City Council of the City of Eastvale, California, does hereby resolve, declare, determine and order that said appropriations limit for Fiscal Year 2016-2017 be in the amount of \$20,108,202, calculated pursuant to Government Code §7901 using the growth factor in the California Per Capita Income of 5.37% and change in population for the City of Eastvale, Riverside County, of 3.84% as reported by the California Department of Finance.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

RESOLUTION NO. 16-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE APPROVING THE COMMITMENT OF FUND BALANCES IN ACCORDANCE WITH GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT NO. 54

WHEREAS, the City adopted Resolution 13-16 for the purpose of the committing certain Fund Balances in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54 - Fund Balance Reporting and Governmental Fund Type Definitions, and

WHEREAS, when expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) fund balances are available, the City's policy is to first apply restricted fund balance. When expenditures are incurred for purposes for which committed, assigned, or unassigned fund balances are available, the City's policy is to first apply committed fund balance, then assigned fund balance, and finally unassigned fund balance.

WHEREAS, for financial statement reporting purposes, the GASB Statement defines Restricted amounts as those that are constrained to specific purposes, including Fire Fund Reserves, by their providers through constitutional provisions or enabling legislation.

WHEREAS, Council may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken. Such commitments are as follows:

1. The City has established a General Fund minimum fund balance policy. At the end of each fiscal year, the General Fund should have a minimum fund balance of 50% of the next fiscal year's General Fund annual budgeted operating expenditures, as calculated by the Finance Director. This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures. The minimum fund balance is shown in the annual financial statements as unassigned fund balance.
2. As a new City, Eastvale has relatively new infrastructure and facilities in place, but also faces significant costs to complete critical infrastructure systems including a City Hall and Library. Due to an expanding project scope and to help close the funding gap for the acquisition of property for the Civic Center site, staff proposes \$3,000,000 General Fund Balance to be committed to the purchase of land.

NOW, THEREFORE, BE IT RESOLVED that the City Council of Eastvale hereby approves the attached Fund Balance Policy for compliance with Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type definitions.

DRAFT

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Revenue Overview

Revenue estimates are developed by the City of Eastvale Finance Department with input from various City departments. The estimates are developed using actual revenue data received during prior fiscal years, estimates of commercial and residential construction, and general economic factors.

Explanation of major revenue sources are as follows:

General Fund

Property Taxes – Property taxes include Secured and Unsecured Property Taxes, Penalties and Interest, and Supplemental Property Taxes. The valuation of property within the City is determined by the Riverside County Tax Assessor. The County levies a base tax for secured property at the rate of 1% of the assessed valuation.

Motor Vehicle License Fees – Vehicle License Fee (VLF) revenue was a subvention collected by the State and allocated to cities and counties based on a statutory formula. Assembly Bill 1602, signed into law in 2006, allocated VLF to newly incorporating cities on a per capita basis and multiplied the population factor by 1.50 in the first year of incorporation, 1.4 in the second year, 1.3 in the third year, 1.2 in the fourth year and 1.1 in the fifth year. On June 30, 2011, Governor Jerry Brown signed SB 89, which eliminated the essential discretionary VLF revenues and shifted the funding source to a special state law enforcement account beginning July 1, 2011. The City is anxiously awaiting the fate of SB69 and AB1521 to restore the critically needed VLF funding to newly incorporated cities used to provide vital local services to our newly incorporated City.

Sales & Use Taxes – Sales and Use Taxes are imposed on retail transactions and are collected and administered by the California State Board of Equalization. In accordance with the California Revenue and Taxation Code, the State of California imposes a tax of 7.50%, plus .5% in Riverside County for Measure A, for a total of 8.00% on all taxable sales.

Franchise Fees – The State Public Utilities Code provides cities the ability to impose fees on gas, electric, and cable television companies operating within a City. The City also imposes a franchise fee for refuse services. The fees range from 1% to 8% of gross receipts derived from business activities conducted within the City.

License, Permits & Fees – The City collects both fixed fee and deposit based permits for planning, building and safety, and engineering services for residential and commercial development. The fees are based on the type of development activity and were adopted by resolution resulting from the Citywide comprehensive user fee and rate study.

Other Funds

Gas Tax – The State of California assesses a tax on gasoline purchases as authorized by Sections 2103, 2105, 2106, 2107, and 2107.5 of the California Streets and Highway Code. A portion of the tax is allocated back to the City based on a per capita formula. The use of this money is limited to maintenance, rehabilitation, or improvement of public streets.

Measure A – Measure A is generated by a Riverside County one-half percent sales tax approved by the voters in

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Revenue Overview

1989. This money is used to maintain and construct local streets and roads.

Air Quality Management District - Revenues received resulting from Assembly Bill 2766 which imposed an additional registration fee on motor vehicles. These revenues are used to reduce air pollution from motor vehicles.

Grants – The City receives various grant funds from various local, state and federal agencies. These grants include funding for various programs such as recycling and public safety.

Community Development Block Grant - Revenues received from the Department of Housing and Urban Development. These revenues must be expended to accomplish the elimination of blight or to benefit low and moderate income persons by providing loans or grants for various programs.

Local Law Enforcement Services Fund - Also known as the Citizens Option for Public Safety (COPS) grant, funding is provided for the purpose of front line law enforcement services that are not already funded by the City.

Landscape Maintenance District - Revenue collected through special assessments levied to benefitting property owners to cover the cost of associated with providing landscape maintenance.

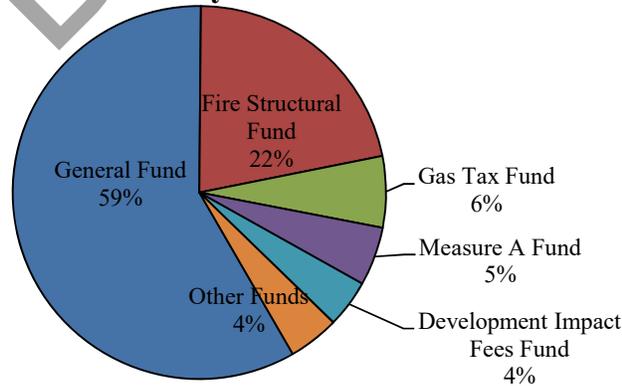

Development Impact Funds – The City charges fees for development related activities such as infrastructure and public facilities. The City performed a nexus study that determined the scope of impact fees adopted by the City of Eastvale.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Expenditure Overview

Estimating expenditures can be challenging, because throughout any given year, there are many factors substantially changing community service needs. Other expenditures are driven by the cost of goods (such as fuel or other types of supplies) and economic factors outside of the control of the City. In addition to the expenditure service driven aspect and uncertain economic factors, the City continues to expand the services it provides to the community during the fourth year of incorporation. Because of these factors, the expenditure estimation is a local government resource allocation plan. During budget development, these factors are considered, and the resulting estimates become the adopted expenditure budget.

In the schedules on the following pages, departmental expenditures are grouped by broad categories:

General Government - this category includes departments that provide the overall general administration of the City such as City Council, City Attorney, City Clerk, City Manager, Finance, and Building and Facilities.

Community Development – this category includes departments that address the City’s overall development, marketing, planning needs and infrastructure needs such as Planning, Code Enforcement, Building and Safety, Engineering, and Public Works.

Public Safety – this category includes departments such as Law Enforcement and Animal Control and Fire, Rescue and Emergency that address citizenry protection.

DEPARTMENT SUMMARY

The City Council provides policy direction upon which all actions, programs, and priorities are based. The Council relies on input from appropriate committees, commissions, and constituents interested in the issues under consideration to assist the public debates to formulate policies that reflect the needs and priorities of the citizens of Eastvale. The City Council strives to promote the economic, cultural, and governmental well being of the community and to establish and maintain cooperative and effective relationships with state, local, and federal agencies to influence policy decisions, legislation, and services which affect the City of Eastvale.

DEPARTMENT ACCOMPLISHMENTS

1. Establish a solid fiscal foundation for the City
 - Adopted a balanced budget
 - Contracted with an investment advisor to maximize return on investments
 - Implemented a new community development system to enhance efficiency of permitting and work process tracking and analysis

2. Optimize the City's economic development potential
 - Developed a strategy to be competitive in the e-commerce environment
 - Commenced construction on the Goodman Commerce Center, one of the largest, mixed-use developments in Southern California. Spanning 200 acres, the Center will provide Class A logistics, retail, medical and business park facilities.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

City Council Department

- Launched the “Shop Eastvale” website to provide information on local businesses and promote participation in the local economy
 - Researched the potential to develop a major medical complex
3. Maintain an excellent level of public safety
 - Began construction on Fire Station #31, the second fire station in Eastvale
 - Added a Motorcycle Officer for traffic related enforcement
 - Purchased of a new fire truck
 4. Provide high quality public facilities
 - Completed rehabilitation of Chandler Street and River Road
 - Completed the rehabilitation of Schleisman Road from Sumner Avenue to West of Harrison
 - Researched locations for a new City Hall and Library
 - Completed the Environmental Documentation (CEQA) portion of Limonite Avenue Interchange at I-15
 5. Expanded City's involvement in regional issues and governance in partnership with several agencies including League of California Cities, Southern California Association of Governments, and Western Riverside Council of Governments
 6. Expanded collaborative efforts with partner agencies (Corona-Norco Unified School District and Jurupa Community Services District)
 7. Presented 5th Annual State of the City address in conjunction with the Eastvale Community Foundation
 8. Campaign for City awards and recognition to promote Eastvale on a State and National level

DEPARTMENT GOALS

1. Public Safety - Ensure that all those who live, work and play in Eastvale are safe by providing for public safety through a community-based approach that focuses on prevention of problems and a timely response
2. Financial Stability - Ensure long-term financial stability of the City by maintaining the fund balance, contingency reserves, and service levels to ensure efficient operations
3. Public Infrastructure - Ensure that Eastvale has a well-maintained and sustainable infrastructure that meets the functional needs of the community by maintaining levels of service commensurate with growing community requirements at optimum life-cycle costs
4. Continue implementation of City's five year strategic plan
5. Develop a robust Economic Development platform
6. Continue collaboration with partner agencies

City Attorney					

DEPARTMENT SUMMARY

The City Attorney acts as legal advisor to the City Council, the City Manager, and various City departments, boards, commissions, and committees. The City Attorney prepares and approves as to legal form all proposed City Ordinances, resolutions, agreements, contracts, and other legal documents necessary for the proper conduct of City business. The office of the City Attorney manages the City in all litigation in which the City is involved and prosecutes violations of City laws. The City Attorney also reviews and monitors general liability claims processed by the City's claims administrator.

DEPARTMENT ACCOMPLISHMENTS

1. Drafted, reviewed or assisted staff in all City ordinances, resolutions and staff reports
2. Revised Temporary Sign Ordinance
3. Renegotiated the City's Revenue Neutrality Agreement with the County of Riverside
4. Participated, negotiated and coordinated with all City Departments to bring forth the Goodman Commerce Center project for City Council approval
5. Restructured Code Enforcement operations

DEPARTMENT GOALS

1. Practice Preventive & Proactive Law to minimize exposure to litigation
2. Continue restructuring Code Enforcement operations and monitoring third party collections for delinquent citations
3. Continue coordination with all City Departments on specific legal issues

DEPARTMENT SUMMARY

The City Clerk is the custodian of records for the City of Eastvale and the City's election official. The City Clerk's office is responsible for the preparation and distribution of the City Council Minutes and maintains the legislative history of City Council actions. The City Clerk also performs centralized processing of all legal notices, coordinates appointments to City boards and commissions, issues and administers oaths of office, maintains campaign and economic interest statement filings in accordance with the Political Reform Act, manages the retention and retrieval of all official City Council actions, implements the City's records management program, and maintains and administers the Eastvale Municipal Code.

DEPARTMENT ACCOMPLISHMENTS

1. Implementation of a Laserfiche electronic records management system and public portal on the City's website
2. Initiated the process of scanning of City records

DEPARTMENT GOALS

1. Successfully conduct the November 2016 General Municipal Election
2. Continue the scanning of City records
3. Purging of City records that qualify under the City's records retention policy.

DEPARTMENT SUMMARY

City Manager - The City Manager is appointed by the City Council and serves as the Chief Executive Officer of the City. The City Manager is responsible for the daily administration of the City and appoints and supervises all departments' directors. The goal of the Manager's office, with the assistance of the Assistant City Manager and Senior Administrative Analyst, is to provide comprehensive coordination and direction of city activities, finances and personnel to deliver effective, efficient and economical municipal services. In addition, the City Manager promotes economic development to encourage business investment within Eastvale. The focus of economic development is to create jobs and provide long-term revenue to support essential City services. The Manager's office also manages the City Clerk in providing staff support services to the City Council and implements policies adopted by the City Council. The Public Information Office (PIO), under the direction of the City Manager, functions as the public relations arm of the City to assist the City Council, City Manager and all City departments in communicating the goals and activities of city government to the public. The PIO maintains the City's website eastvaleca.gov and oversees the city's official social media accounts. The City Manager also directs the administration of personnel relations, participates in inter-governmental relations that affect Eastvale, and makes final investigations of citizen complaints.

DEPARTMENT ACCOMPLISHMENTS

The City Manager Department under the direction of the City Council was reorganized during the 2014-2015 fiscal year. The accomplishments were a team effort that met and/or exceeded all expectations during the fiscal year.

1. Implemented the use of grant writing services to pursue alternative funding sources

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

City Manager Department

2. Implemented the use of Human Resources contract services to ensure compliance with State and Federal law
3. Implemented handheld citation devices for street sweeping enforcement
4. Implemented the use of an investment advisor to maximize the City's return on investments
5. Pursued grant funding and was awarded approximately \$255,832 in grant funds for the fiscal year
6. Created updated marketing materials for Economic Development and community promotion
7. Restructured/reorganized departmental staffing to provide a higher level of service to the constituents
8. Enhanced collaboration and cooperation with partner agencies
9. Implemented various technological and software efficiencies which increased productivity, streamlined operations and provided better service to the constituents
10. Continue to work with Western Riverside Council of Governments, Jurupa Community Services District, and Southern California Edison to study the purchase and retrofitting of City street lights to LED
11. Introduced an educational budget presentation format
12. Received the "Rising Star" Award from the Inland Empire Chapter of American Society for Public Administration
13. Recovered substantial citation revenue through the implementation of third party collections, Department of Motor Vehicle liens, and the State Board of Equalization
14. Held two CERT classes and trained 40 community members in emergency preparedness skills
15. Purchased \$26,161 in equipment and supplies for EOC and CERT with emergency management grant funds
16. Obtained twelve surplus police radios from Riverside for emergency management use
17. Arranged for staff to attend 51 SEMS/NIMS FEMA training courses
18. Prepared seven emergency grant reports/monitoring assessments and submitted to Riverside County
19. Completed agreement with Department of Public Health for Continuity of Government Medication POD Agreement
20. Applied for two Fiscal Year 2016/2017 emergency management grants in the amount of \$9,193 and \$14,290
21. Drafted El Nino Action Plan which can be used in future El Nino events
22. Provided six (6) Small Business Development workshops through the SBDC to grow small business

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

City Manager Department

23. Organized the City's first Vaccination, Microchip and Dog Licensing Clinic
24. Ranked in WalletHub.com's "2015's Best & Worst Cities for California Families" as 2nd Best City and 1st for Education, Health and Safety
25. Organized the International Walk to School Day with 100% participation from every school in the City for a third year
26. Organized the City's first Eastvale Day at the Los Angeles County Fair
27. Hosted two (2) Community Emergency Response Team (CERT) Trainings
28. Organized the Ground Breaking Ceremony for the City's second fire station, Fire Station #31
29. Posted 185 events on the City's website
30. Wrote and published 160 announcements and/or press releases for the City
31. Created 16 graphic images including flyers for the City
32. Increase of followers on the City's official social media accounts: Facebook- 1,283 Instagram: 1,215 Twitter: 309 LinkedIn: 39

DEPARTMENT GOALS

1. Continue implementation of City's strategic plan
2. Use consultant services to enhance the City's Economic Development program and impact
3. Complete construction of Eastvale's 2nd Fire Station in the Fall 2016
4. Find and acquire an alternative site for City Hall and a Library
5. Develop a Smart Cities plan in collaboration with partner agencies
6. Provide adequate staffing levels to meet the growing needs of the City and business community
7. Launch the new Shop Eastvale resource website
8. Attain platinum tier with the Western Riverside Energy Leader Partnership
9. Complete implementation of the Accela land management system, including a public access portal
10. Implement a public portal software solution for financial transparency and access
11. Secure millions of dollars in grant funding to bridge the funding gap created by the loss of Vehicle License Fee revenue

Deputy Finance Director

DEPARTMENT SUMMARY

Finance Division - The Finance Department is to manage and maintain financial records in conformity with generally accepted governmental accounting principles and in compliance with federal, state and local laws. Responsibilities within the department include general accounting services, accounts receivable, accounts payable, payroll, benefits administration, grant financial reporting and business/ rental registration. Additionally, the department oversees the investment of public funds, cash management and procurement. The department develops and maintains effective and efficient financial planning through the preparation of the annual City budget, Capital Improvement Program (CIP) and Comprehensive Annual Financial Report (CAFR). Finance works with the City Council, City Manager and other City departments, providing them with timely financial information and assistance to meet City and department objectives. Other services include quality customer service to the Eastvale community and safeguarding the City's assets.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

Finance Department

DEPARTMENT ACCOMPLISHMENTS

1. As part of the Finance department commitment to go paperless, cash receipts and accounts payable for fiscal years 2014-15 and 2015-16 and purchase orders for fiscal year 2015-16 have been scanned and included in the City financial software and records.
2. Implemented Accela software for Business Registration and Permitting
3. Input developer deposits into the Accela software accounts receivable module
4. Began using the recurring invoice function in the accounts payable module
5. Increased issuance of checks and other cash disbursements from monthly to semi-monthly
6. Received Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association for the fourth consecutive year
7. Automated authorized signature approval on various financial documents
8. Established internal electronic workflow for business registrations
9. Contracted an investment advisor to maximize return on City investments
10. Issued RFP for auditing services and signed new audit contract for fiscal years ending June 30, 2016, 2017 and 2018, with an option to extend for an additional two years

DEPARTMENT GOALS

1. Research feasibility of online payments for various City services (business registration, rental registration, building permits, etc.)
2. Establish electronic workflows to directly involve other departments in the Finance function (invoice approvals/budgeting/purchasing)
3. Continue updating the City purchasing policy and accounting policies and procedures
4. Continue professional development to optimize use of financial software and other systems to improve departmental efficiency
5. Cross training staff to know various functions within the department
6. Increase payment options at the front counter for the Eastvale community

DEPARTMENT SUMMARY

General Services includes General Fund expenditures that don't apply to a single department, or miscellaneous expenditures that aren't associated with any of the operating departments.

Personnel Division - The Personnel Division assists the City Manager in the areas of personnel recruitment, salary and benefit administration, performance evaluations, and classification and position allocation. Additionally, administers the City's self funded Workers' Compensation and cafeteria plans.

Risk Management - The Risk Management Division administers the City workers compensation and general liability insurance, receives and processes claims made against the City, and recovers losses caused by others to city property.

Information Technology - The Information Technology Division is responsible for the development, support, and maintenance of department software applications. Information Technology maintains the City's technology infrastructure, networking and wireless systems, and all City telecommunications systems. This department was budgeted as an internal service fund in fiscal year 2014-2015; however it was placed into the General Government function beginning in 2015-2016.

General Government - The General Government Division is a support department for all City services and includes copier lease, general office supplies and city-wide postage charges.

Building & Facilities - The Building and Facilities Division is a support department consisting of facilities maintenance and related lease and utilities for the operation of City Hall.

 Code Enforcement Administrator

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

Community Development

DEPARTMENT SUMMARY

Planning Division - Planning is responsible for the implementation of the City Council's policy direction (including the General Plan and Zoning Code) in large part through the review of proposed development projects. Planning provides staff support to the City Council and Planning Commission, and coordinates the environmental analysis of proposed public and private projects. Planning ensures that the City remains up-to-date with regard to state and federal mandates for planning and environmental analysis.

Building & Safety Division - The Building & Safety Division processes all building permit applications, assists in building plan reviews and performs building inspections in accordance to the Uniform Building Code and local ordinances.

Engineering Division - Development Engineering includes developing and administering capital projects to maintain and improve the City-wide capital infrastructure. Traffic engineering and transportation planning ensures the that city-wide road system is operating safely and efficiently through traffic signals, signs, pavement and review of private development projects.

Code Enforcement Division - The Code Enforcement Division was established to provide education to the public in regards to land use ordinances and related code provisions. The division provides for investigation of and reporting on complaints and issues warnings and citations for noncompliance.

Public Works - The Public Works Division administers storm drainage compliance, street maintenance, signing and striping, and traffic signal operations and maintenance.

DEPARTMENT ACCOMPLISHMENTS

Planning

1. Provided 762 hours of public assistance in the past year
2. Handled 118 major and minor development projects in 2015-2016
3. Reviewed and approved hundreds of building permits
4. Completed the Chandler Area Community Vision Plan, which recently won an award from the Inland Empire Section of the American Planning Association
5. Created the Leal Master Plan and completed Planning Commission review (with a recommendation for approval of the Plan). The Leal Master Plan covers an approximately 160-acre vacant site located north of Limonite Avenue, south of 58th Street, and between Scholar Way and Hamner Avenue
6. Sendero Planned Residential Development (PRD) consisting of 323 single-family homes, was approved and is currently undergoing review of site improvements plan
7. The 99-cent store, a 19,104-square-foot retail building, was approved and is currently undergoing review of construction plans
8. Goodman Business Park, an eight-building business park complex at the northeast corner of Hamner and Bellegrave Avenues, was approved and is scheduled to begin construction in June 2016

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

Community Development

9. Completed an amendment to the Goodman Specific Plan Amendment that involved minor technical changes to better describe and clarify the permitted uses allowed in the Business Park planning area. The SPA also changes the tenant spaces from 40,000 square feet to 60,000 square feet, but does not change the total project square footage
10. Completed an amendment to The Ranch at Eastvale Specific Plan and obtained approval for the development of six light industrial/business park buildings. The project is undergoing construction plans review for all six buildings
11. Eastvale Marketplace, a new 72,779-square-foot neighborhood retail center on 7.64 acres at the northeast corner of Limonite and Sumner, was approved
12. Completed the City's Landscape Water Efficient Landscape Ordinance
13. Accepted the Opportunity and Empowerment Award for the Chandler Area Community Vision Plan. The city's General Plan goal to provide a better environment for residents and businesses within the Chandler Area resulted in this Vision Plan as a first step to "go-slow" in terms of changes along the southern boundary of the city. This Plan guides decisions and facilitates new private and public investments in this part of the city."

Public Works

14. Completed the pavement rehabilitation project for Chandler Street and River Road
15. Completed the rehabilitation of Schleisman Road from Sumner Avenue to west of Harrison Avenue
16. Completed the Traffic Signal Synchronization project on hamner signalized intersections
17. Completed Bikeway Master Plan
18. Completed the County Flood Control (Zone 2) storm drain design on Chandler Street and Selby Lane; construction will be packaged with Fire Station No. 31
19. Completed Environmental Document (CEQA) portion of Limonite Avenue Interchange at I-15

Building & Safety

20. Reviewed plans and issued permits for over 2 million square feet of new commercial/industrial buildings, including the new Goodman-Bircher project building #2 - one of the largest in Riverside County
21. Issued over 500 permits for new single-family structure construction.
22. Performed more than 20,000 building inspections
23. Developed and implemented an expedited 4-day plan review process for small residential roof-top solar projects

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

Community Development

Code Enforcement

24. Conducted 4802 Code Enforcement inspections, issued 494 administrative citations, 87 parking citations, and removed 4,096 signs and 82 shopping carts
25. Purchased new Rav4 energy efficient Code Enforcement vehicle
26. Purchased handheld devices for Code Enforcement citations and lap top and printers to maintain a high level of efficient community service.
27. Completed Code Enforcement certification training for department staff

DEPARTMENT GOALS

Planning

1. Complete the Leal Master Plan process and work with potential developers to implement the plan
2. Work with the City Attorney's office in updating the sign regulations and landscape regulations in the Eastvale Zoning Code
3. Continue to expand and improve customer service and support to the City Council, Planning Commission and p
4. Continue to support the City Manager as needed by providing Planning support and expertise on various specia
5. Continue to work with the Goodman representatives to implement the Goodman Specific Plan, including a hospital and new retail center

Public Works

6. Design and bid residential streets slurry seal
7. Design and bid arterial streets rehabilitation
8. Begin construction of storm drain facilities (Zone 2 funds) on Walter Avenue, Hall Avenue, 58th Street and Hamner Avenue/Swan Lake - Estimated Spring 2017
9. Select and acquire Civic Center location site

Building & Safety

10. Review plans and issue permits for the Ranch project, Goodman Business Park project, and Providence Ranch project
11. Issue over 500 permits for single-family dwelling units
12. Perform more than 20,000 building inspections

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

Community Development

Code Enforcement

13. Continue and expand customer service and support to the residents
14. Attend certification training/complete guide to customer driven Code Enforcement class

DEPARTMENT SUMMARY

Law Enforcement - The police department is responsible for providing full-service public safety in the form of first responder, investigative services, community-oriented policing, traffic team, gang and narcotic enforcement, crime prevention, forensic services, administrative services and a volunteer program. Our mission is to meet the mandates prescribed by law, provide progressive, innovative and efficient public safety, while working in partnership with the community we serve and allied agencies.

Animal Control - Animal control is responsible for enforcement of city and state regulations pertaining to animal welfare. Animal Control is also responsible for the impound, treatment, care, adoption, redemption and disposal of domestic animals.

DEPARTMENT ACCOMPLISHMENTS

- Conducted three safety checkpoints and ten saturation patrols (including Click-It-or-Ticket, distracted driving, and motorcycle safety).
- Purchased electronic citation devices for traffic officers

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017
Department Summary

Public Safety (Law Enforcement/Animal Control)

3. Added an additional radar speed trailer (for a total of two trailers)
4. Increased saturation enforcement around school zones and added Eastvale's first motor officer

DEPARTMENT GOALS

1. Increase patrol staffing levels

CITY OF EASTVALE
Capital Improvement Program
Fiscal Years 2016-2017 through 2020-2021

INTRODUCTION

The City of Eastvale's Five-Year Capital Improvement Program summarizes anticipated resources and their estimated uses for major infrastructure and other capital construction, improvement, and maintenance projects.

The CIP is a five-year planning tool that identifies anticipated capital improvements and their funding sources from fiscal years 2016/2017 through 2020/2021. The CIP does not appropriate funds, but rather, it functions as a budgeting and planning tool which supports actual appropriations that are made through adoption of the budget. The CIP is updated annually to reflect the latest community and transportation priorities, updated project cost estimates and available revenue sources.

The purpose of the CIP is to fund capital projects and capital acquisitions that will be of a long-term benefit to the Eastvale Community. As such, the programs and projects enclosed in this CIP are dedicated to enhancing accessibility and safety throughout Eastvale by targeting various transportation, storm drainage and general facilities improvements.

The CIP projects were selected on the following factors:

- City Council and community direction
- Implementation of the Eastvale General Plan Guidelines
- Implementation of facilities' planning and priorities
- Ability to improve transportation deficiencies and congestion
- Maintenance needs and safety of roadways
- Drainage facilities enhancement needs
- General facilities and space needs
- Availability of funding

The five-year CIP identifies the highest priority capital needs that can be addressed within the available and forecasted revenue. These capital needs are matched with the previous year's carry-over funds and five-year revenue projections identified by the Finance department. Additionally, capital needs are delineated to eligible funding sources and programs available to the City's capital improvements.

The Capital Improvement Program serves two primary purposes. First, it provides a description of the planned transportation, roadway/street, and maintenance capital improvements developed through an examination of the City's capital needs. Next, it sets forth a funding strategy for their implementation.

CITY OF EASTVALE
Capital Improvement Program
Fiscal Years 2016-2017 through 2020-2021

Accomplishments FY 2015-2016

Last fiscal year, the City of Eastvale has taken several steps to provide its residents with traffic enhancements, roadway improvements, increased accessibility, public safety and future planning for drainage improvements. Accomplishments include:

- Completed pavement rehabilitation project for Chandler Street and River Road
- Completed pavement rehabilitation project of Schleisman Road from Sumner Avenue to west of Harrison Avenue
- Completed Traffic Signal Synchronization project on Hamner signalized intersections
- Completed Bikeway Master Plan
- Completed County Flood Control (Zone 2) storm drain design on Chandler Street & Selby Lane - construction to be packaged with Fire Station No. 31 (aka Fire Station No. 2)
- Completed Environmental Document (CEQA) portion of Limonite Ave. Interchange at I-15
- Began the construction of Fire Station No. 31 (aka Fire Station No. 2) with a completion date in late 2016

Capital Project Priorities for FY 2016-2017

For fiscal year 2016-2017, the City will begin development of some new projects and deliver construction of several projects to further enhance Eastvale's infrastructure. These projects include:

- Overlay and reconstruction of some collectors/arterials and residential streets
- Completion of Fire Station No. 31
- Storm drain facilities (Zone 2 funds) on Chandler Street, and Selby Avenue,
- Construction of storm drain facilities (Zone 2 funds) on Walters Avenue, Hall Avenue, 58th Street and Hamner Avenue
- Begin the site selection, acquisition and design of the Civic Center project

FUNDING SOURCES AND REVENUES

The City of Eastvale's Capital Programs and Projects contained in this CIP are financed through a variety of funding and revenue sources. These funding sources include:

- Gas Tax
- Measure A
- Community Development Block Grant (CDBG)
- Federal/State Grants
- Developer Contribution
- Fire Structural Fund
- County Flood Control (Zone 2)
- Development Impact Fees

CITY OF EASTVALE
Capital Improvement Program
Fiscal Years 2016-2017 through 2020-2021

Gas Tax

The City receives revenue generated from a tax imposed on the sale of gas. The State Board of Equalization administers this tax and the State Controller distributes funding to cities and counties.

Gas Tax funds are the most flexible transportation related funding source. Gas Tax funds are used for various transportation purposes including street related projects, construction or maintenance.

Eastvale receives a formula allocation of funds based upon population and lane-miles.

Measure A

In 1988, Riverside County voters approved Measure A, a half-cent sales tax increase to pay for transportation-related infrastructure improvements. In 2002, voters approved an extension of Measure A until 2039. As such, the Measure A program sets forth a long term plan for transportation improvements that would help ensure mobility in Riverside County.

The program is administered by the Riverside County Transportation Commission (RCTC), who distributes the proceeds to jurisdictions within Riverside County via a population-based formula, with a specific amount to be spent on maintenance and a specific amount to be spent on capital improvements. The Measure A Ordinance requires recipients of Measure A funding to provide a five-year expenditure plan to the Commission on an annual basis.

Measure A funds are used to fund the City's ongoing transportation programs including resurfacing of pavements, traffic signal improvements, and roadway safety improvements.

Community Development Block Grant

As part of the County of Riverside's Community Development Block Grant (CDBG) program, the City of Eastvale submitted an application for use of funds. Projects are reviewed by the County's Economic Development Agency (EDA) to determine eligibility under federal and county regulations governing use of CDBG funds. The revenue is received from the Department of Housing and Urban Development. These revenues must be expended to accomplish the elimination of blight or to benefit low and moderate income persons.

Federal and State Funds

Revenues for State and Federal Grants are generated through various grants received from Federal and State governments, or other government agencies. Each dollar spent from these grants must be accounted for and these funds may be audited to ensure that monies were spent for their intended purpose. Examples of grants for transportation projects include the Highway Safety Improvement Program (HSIP), Safe Routes to School, Congestion Mitigation Air Quality (CMAQ) and Surface Transportation Program (STP).

CITY OF EASTVALE
Capital Improvement Program
Fiscal Years 2016-2017 through 2020-2021

These various grants fund a variety of transportation improvements including traffic signal modifications, signal lighting retrofits, pavement resurfacing and new curb, gutter, and sidewalk improvements throughout the City.

Fire Structural Fund

A portion of property tax revenue received by the City pays for the provision of fire services. Property taxes include Secured and Unsecured Property Taxes, Penalties and Interest, and Supplemental Property Taxes. The valuation of property within the City is determined by the Riverside County Tax Assessor. The County levies a base tax for secured property at 1% of the assessed valuation. Of the 1% levy, a portion is allocated for the purpose of fire services.

County Flood Control (Zone 2)

The Riverside County Flood Control and Water Conservation District (“District”) is divided into several geographical zones, where property taxes are collected separately and area drainage plan fees are charged on development projects. Monies raised in one zone must be spent in only that zone. Located within the District’s Zone 2, the City of Eastvale is entitled to this funding source to design and construct drainage facilities to provide long-term benefit to Eastvale community.

Development Impact Fees

The development impact fees established by the City are imposed upon development projects for the purpose of mitigating the impact that development projects have upon the city’s ability to provide specified public facilities & services. The fees provide for the design and construction of transportation facilities, general facilities and fire station facilities.

Capital Program Revenue Estimates FY 2016-2017 through 2020-2021

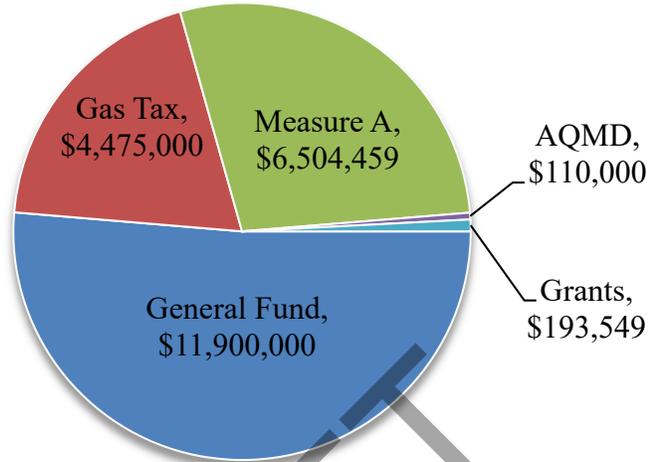

Over the next five fiscal years of this CIP, Eastvale is projected to accumulate \$23.2 million in revenue for its capital needs and improvements. Gas Tax and Measure A allocations make up a large portion of the revenue budget totaling \$11 million (47%) forecasted from FY 2016-2017 through 2020-2021.

For the fiscal year 2016-2017 including continuing appropriations, capital improvements revenues total approximately \$23.2 million. The expenditures are described in detailed in the next section of this CIP.

Improvement Projects
FY2016-17

Northern City

(14) Storm Drain Facilities - Zone 2

(11) Hamner Ave Overlay from Limonite to S/O 68th St

(4) Traffic Signal Construction - Summer at 65th

(8) Limonite at I-15 Bridge

(14) Storm Drain Facilities - Zone 2

(1) Fire Station #2 and (3) Electric Charging Stations

(7) Archibald Ave s/o Limonite to City Limit

(2) City Hall and (3) Electric Charging Stations

- Various Locations:**
- (5) Accessible Pedestrian Signal (APS) and Countdown Installation
 - (6) Radar Display Sign Installation at Schools
 - (13) Annual Overlay (Program) (See Separate Attachment)
 - (15) Pedestrian Safety Improvements (Various Locations)
 - (16) Bike Lanes
 - (17) Residential Slurry Seal (Program) (See Separate Attachment)

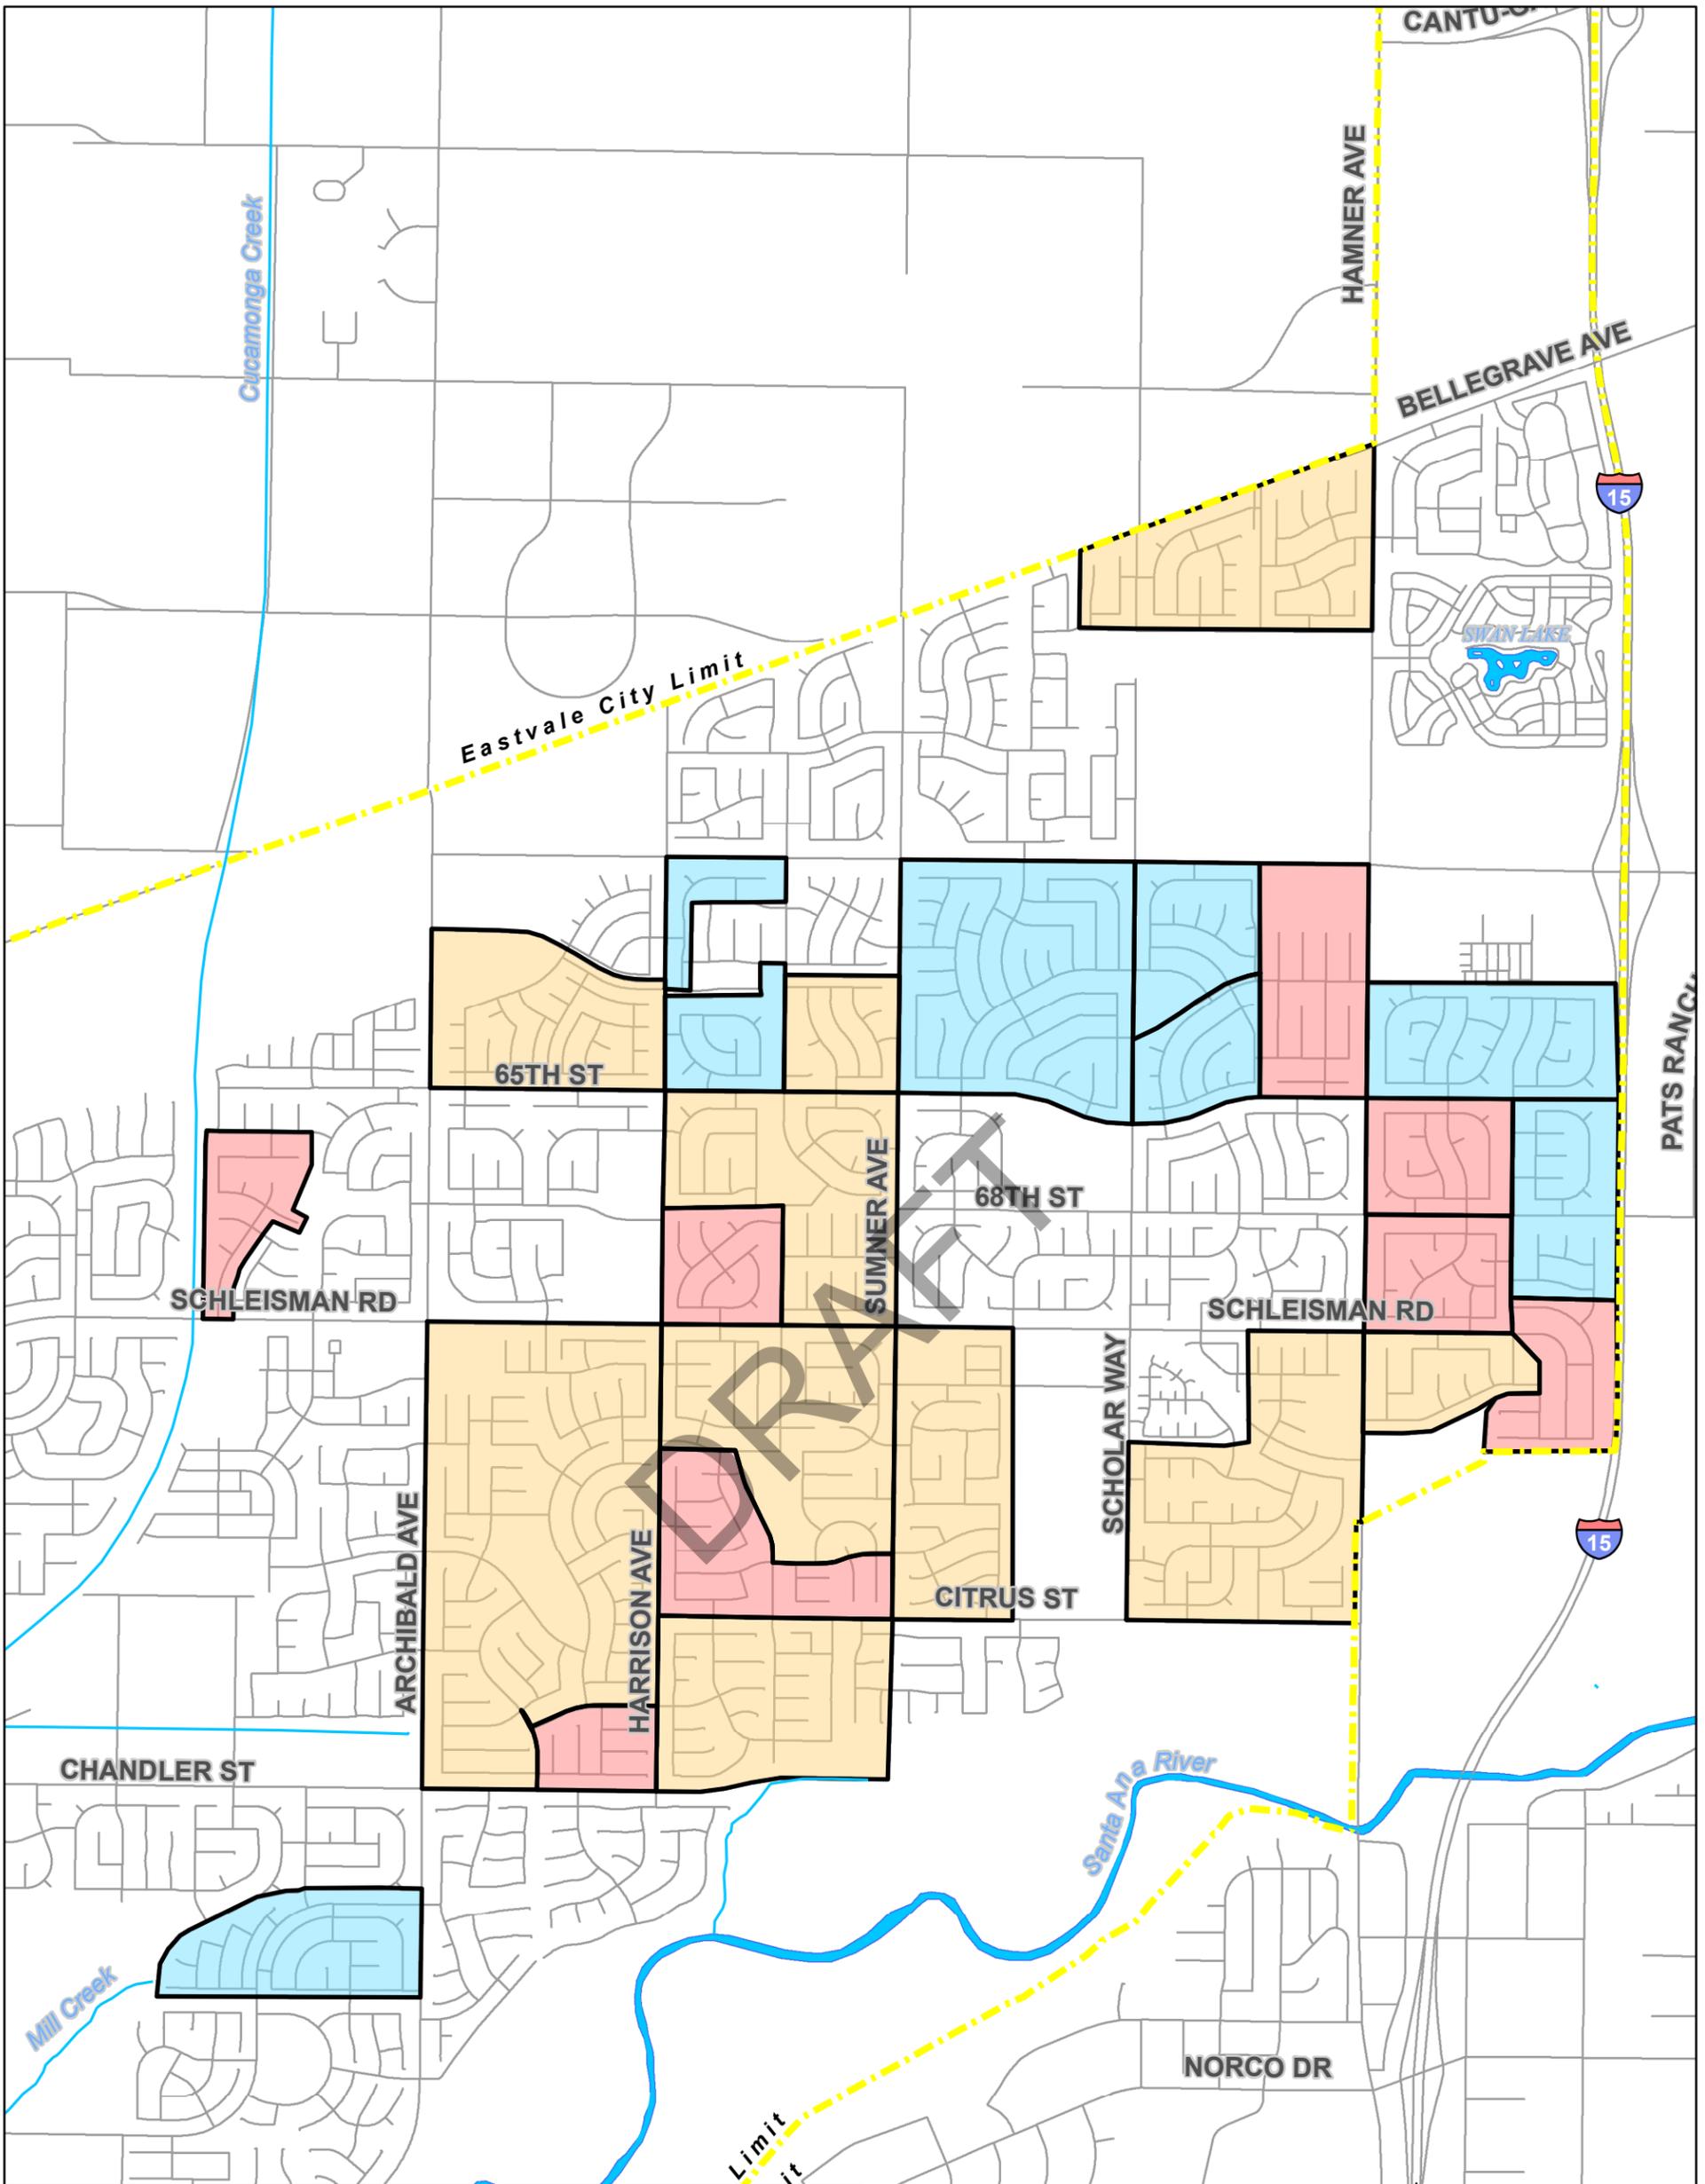

- CIP Project Type and Location**
- Land, Buildings & Improvements
 - Roadway Safety/Street Improvements
 - Street Improvements

Project Name: Residential Slurry Seal
Program: Citywide Maintenance
Project Number: 94001
Account Number: 210-510-6660-94001 Measure A
Program Year Initiated: FY 2013-14
Construction Year: Ongoing

Project Description: Annual program to treat pavement on various residential streets throughout the City with slurry seal. This is an ongoing project and will be reappropriated each year as needed. The continued appropriation (\$700,000 budget fiscal year 2015-2016) is due to construction moved to late summer 2016 based on late spring weather conditions.

Total Project Estimate: \$ 700,000
 Expenditures to Date: \$ 25,000
 Continuing Appropriations \$ 675,000
 FY 2016-2017 Budget: \$ 500,000

PROGRAM SUMMARY

This program aims to provide safe, clean, well-maintained and functional facilities in order to allow City departments to effectively provide services to the community. This program details construction and capital improvements of City-owned buildings and facilities and offsite improvements to include sidewalk, curb and gutter and pavement.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

BUDGET GLOSSARY

Air Quality Management District - Revenues received resulting from Assembly Bill 2766 which imposed an additional registration fee on motor vehicles. These revenues are used to reduce air pollution from motor vehicles.

Appropriation – An authorization made by the City Council which permits the City to incur obligations and to make expenditures of resources. Budgetary/operating fund appropriations lapse at the end of each fiscal year. Non-operating fund appropriations continue in force until fully expended or until the City has accomplished or abandoned the purpose for which the City Council granted the funds. Spending cannot exceed the level of appropriation without the City Council's approval.

Assessed Valuation - The value established for real property for use as a basis in levying property taxes. For all agencies in the State of California, assessed value is established by the County for the secured and unsecured property tax rolls. Under Article XIII of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978), properties are assessed at 100% of full value. Proposition 13 also modified the value of real taxable property for fiscal 1979 by rolling back values to fiscal 1976 levels. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

Audit – Prepared by an independent certified public accountant, or CPA, the primary objective of an audit is to determine if the City's Financial Statements fairly present the City's financial position and results of operations in conformity with generally accepted accounting principles. In conjunction with their performance of an audit, it is customary for an independent auditor to issue a Management Letter stating the adequacy of the City's internal controls as well as recommending improvements to the City's financial management practices.

Budget – A financial plan for a specified period of time that matches planned revenues and expenditures to municipal services. The City of Eastvale uses a financial plan covering one fiscal year from July 1 through June 30 of each year.

Budget Amendments – The City Council has the responsibility for adopting the City's budget, and may amend or supplement the budget at any time after adoption by majority vote. The City staff has the authority to approve line item budgetary transfers between expenditure objects of the budget as long as those changes will not have a significant policy impact nor affect budgeted year-end fund balances.

Budget Message – Included in the opening section of the budget, the Budget Message provides the City Council and the public with a general summary of the most important aspects of the budget, changes from previous fiscal years, and the views of the City Manager.

CITY OF EASTVALE
Annual Operations and Capital Improvement Budget
Fiscal Year 2016-2017

Capital Improvement Program (CIP) – A plan to provide for the maintenance or replacement of existing public facilities and assets and for the construction or acquisition of new ones. The CIP document identifies capital needs on a five-year basis.

Capital Project Funds – Funds used to account for financial resources used in the acquisition or construction of major capital facilities other than those financed by Proprietary or Trust Funds.

Community Development Block Grant - Revenues received from the Department of Housing and Urban Development. These revenues must be expended to accomplish the elimination of blight or to benefit low and moderate income persons by providing loans or grants for various programs.

Contingency – An appropriation of funds to cover unforeseen events that occur during the fiscal year, such as flood emergencies, federal mandates, shortfalls in revenue, and similar events.

Debt Service – Payments of principal and interest on bonds and other debt instruments according to a predetermined schedule.

Deficit – A shortfall of resources to meet expenditures.

Department – A major organizational unit of the City which has been assigned overall management responsibility for an operation or group of related operations within a functional area.

Development Impact Fee – Funds created to provide for infrastructure projects through Development Impact Fees.

Encumbrance – Commitment of funds to purchase an item or service.

Expenditure – The outflow of funds paid, or to be paid, for an item obtained regardless of when the expense is actually paid.

Fiduciary Funds – Also known as trust or agency funds; held in a fiduciary capacity by a governmental unit for individuals, organizations, or other governmental units as an agent or trustee.

Fees for Services – Charges paid to the City by users of a service to help support the costs of providing that service.

Fiscal Year – A 12 month period for recording financial transactions. The City has specified July 1 through June 30 as its fiscal year.

Franchise Fee – A fee charged for the privilege of using public rights-of-way and property within the City for public or private purposes. The City currently assesses franchise fees on cable television, gas, electric, and refuse.

Fund – An accounting entity that records all financial transactions for specific activities or governmental functions.

Fiscal Year 2016-2017

Fund Balance – Also known as financial position, fund balance is the difference between assets and liabilities, and represents the cumulative effect of revenues and other financing sources over expenditures and other financing uses.

Gas Tax Fund – A fund to account for receipts and expenditures of money apportioned under the Street and Highway Code Sections 2103, 2105, 2106 and 2107 of the State of California for money derived from the use of certain fuels and borne by the consumer, for transportation improvements. The money is restricted to research, planning, construction, improvement, and maintenance of public streets. Section 2107.5 funds must be used for engineering costs and administrative expenses related to city streets.

General Fund – The primary operating fund of the City where all revenues that are not allocated by law or contractual agreement are accounted for. With the exception of subvention or grant revenues restricted for specific uses, General Fund resources can be utilized for any legitimate governmental purpose. A limited number of capital improvements are financed from this source since its focus is to fund ongoing operations.

Governmental Accounting Standards Board (GASB) – The Governmental Accounting Standards Board establishes and improves standards of state and local governmental accounting and financial reporting that will result in useful information for users of financial reports and guide and educate the public, including issuers, auditors, and users of those financial reports.

Grants – The City receives various grant funds from various local, state and federal agencies. These grants include funding for various programs such as recycling and public safety.

Highway Users Tax (HUT) – State accounting for excise taxes on various transportation fuels. California motor vehicle fuel taxes include the gasoline tax, diesel fuel tax, and the use fuel tax. Allocations to cities and counties are based on the formulas outlined in the Streets and Highways Code. See *Gas Tax Fund*.

Infrastructure – The physical assets of the City, i.e., streets, water, sewer, public buildings, parks, and the support structures within a development.

Interest Revenue – Revenues received as interest from the investment of funds not immediately required to meet cash disbursement obligations.

Internal Service Fund - A fund used to account for the financing of goods or services provided by one department or agency to the other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

Landscape Maintenance District – Revenue collected through special assessments levied to benefitting property owners to cover the cost of associated with providing landscape maintenance.

Local Law Enforcement Services Fund – Also known as the Citizens Option for Public Safety (COPS) grant, funding is provided for the purpose of front line law enforcement services that are not already funded by the City.

Measure A Sales Tax Fund – A fund to account for the money generated by a Riverside County one-half percent sales tax approved by the voters in 1989. The money is used to maintain and construct local streets and roads.

Ordinance – A formal legislative enactment by the City Council. It has the full force and effect of the law within City boundaries unless pre-empted by a higher form of law. An Ordinance has a higher legal standing than a Resolution and is typically codified in a City's municipal regulation.

Property Tax – A statutory limited tax levy, which may be imposed for any purpose.

Real Property Transfer Tax – Real property transfer tax is collected by the County Tax Collector and is based on the value of property transferred.

Resolution – A special or temporary order of a legislative body (e.g., City Council) that requires less formality than an Ordinance.

Revenue – Funds that the City receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues, and interest income.

Risk Management – An organized attempt to protect an organization's assets against accidental loss in the most cost effective manner.

Sales Tax – A tax on the purchase of goods and services.

Licenses and Permits – These charges are directly charged to individuals for specific services rendered by the City. They include charges to process or issue building permits and the cost to conduct engineering and planning reviews of any building project undertaken by a licensed contractor or private property owner.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Subventions – Revenues collected by the state, or other level of government, which are allocated to the City on a formula basis. The major subventions received by the City from the State of California include vehicle license fees and gasoline taxes.

Transfers – To account for money that moves from one funding source to another funding source, for a specific purpose.

Fiscal Year 2016-2017

Trust and Agency Funds – Also known as Fiduciary Funds, these individual funds are used to account for assets held by the City in a trustee capacity or as an agent for private individuals, organizations, or other governmental agencies. Agency funds are custodial in nature (assets equal liabilities) and do not measure the results of operations.

User Fees – The payment of a fee for direct receipt of a service by the party benefiting from the service.
