## FOR IMMEDIATE RELEASE

### 60 Swarm Pavement Rehabilitation Project

SAN BERNARDINO – The California Department of Transportation (Caltrans) continues work on the Pavement Rehabilitation Project on State Route 60 (SR-60), part of the 60 Swarm, to repair deteriorated pavement slabs.

**Be advised:** Beginning August 2, a long-term lane reduction will take place on the westbound SR-60 from Country Village Road to Wineville Road. Lanes will be reduced from five lanes to three lanes. Re-striping will begin Sunday, August 2 to be followed by k-rail placement. This lane reduction will allow for accelerated pavement work to take place. Changeable message signs will be utilized along the I-10 and the I-215 to alert motorists of the lane reductions on SR-60.

The right lane on eastbound SR-60 from Archibald Avenue to Mission Blvd. will remain closed during construction to allow for accelerated pavement work. The closure will be monitored for traffic impacts and based on traffic volumes.

July 27 to July 30: Westbound and eastbound SR-60 nighttime lane and on/off ramp closures will take place from Country Village Road to Euclid Avenue from 7:00 p.m. to 7:00 a.m. daily. Lanes #2, #3 and #4 will be closed in both directions. One lane will remain open for through traffic during construction hours.

Signage is posted instructing motorists that the HOV lane will be available for all traffic, within the construction zone, during the lane closures. Construction work may cause minor vibrations and noise during construction hours. We appreciate your patience while crews work diligently to complete the project.

A traffic reconfiguration will be in place on SR-60 from Archibald Avenue to Euclid Avenue during the project allowing daytime work to take place behind k-rail. Lanes will be available in each direction on SR-60 during the day. The speed limit will be lowered to 55 miles per hour within the project limits.

#more#

Motorists are advised to use State Route 91 (SR-91) and Interstate 10 (I-10) around the 60 Swarm as alternate routes to avoid delays. Local businesses are open during the project. For up to date information call the 60 Swarm hotline at 1-833-607-9276.
